**National Register of Historic Places;
Notification of Pending Nominations
and Related Actions**

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting comments on the significance of properties nominated before December 15, 2018, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted by January 14, 2019.

ADDRESSES: Comments may be sent via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C St. NW, MS 7228, Washington, DC 20240.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions

in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before December 15, 2018. Pursuant to Section 60.13 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR**Bureau of Safety and Environmental Enforcement**

[Docket ID: BSEE-2018-0017; 190E1700D2 ET1SF0000.PSB000 EEEE500000]

Oil and Gas and Sulfur Operations in the Outer Continental Shelf—Request for Information Regarding Potential Impacts of Decommissioning-in-Place of Pipeline-Related Infrastructure in Deepwater

AGENCY: Bureau of Safety and Environmental Enforcement, Interior.

ACTION: Notice of Request for Information.

SUMMARY: The Bureau of Safety and Environmental Enforcement (BSEE) is soliciting information and public comments regarding potential impacts (including impacts on future use of the Outer Continental Shelf (OCS)) related to decommissioning-in-place (DIP) of certain pipeline-related infrastructure in deepwater (*i.e.*, depths of at least 600 feet) on the OCS. Responses to this Request for Information (RFI) will help identify technical, safety and environmental factors, as well as potential impacts to other uses of the OCS, that will inform BSEE's consideration of requests to allow DIP of such pipeline-related infrastructure in deepwater in lieu of decommissioning by removal. BSEE intends to make any written comments or other information submitted in response to this RFI publicly available on www.regulations.gov.

DATES: Written comments and other information in response to this RFI must be submitted on or before February 26, 2019.

ADDRESSES: You may submit comments and other information in response to this RFI by the following methods. Please use docket number BSEE-2018-0017 as an identifier in your message.

○ *Federal eRulemaking Portal:* <http://www.regulations.gov>. In the entry entitled, "Enter Keyword or ID," enter BSEE-2018-0017 then click search. Follow the instructions to submit public comments and view supporting and related materials available for this rulemaking. BSEE may post all submitted comments.

○ Mail or hand-carry comments or other information to the Department of the Interior; Bureau of Safety and Environmental Enforcement; Attention: Regulations Development Section, 45600 Woodland Road, Sterling, Virginia 20166. Please reference "Request for Information Regarding

Potential Impacts of Decommissioning-in-place of Pipeline-related Infrastructure in Deepwater, BSEE-2018-0017" in your submission and include your name and return address.

• Before including your address, phone number, email address, or other personal identifying information in your response, you should be aware that your entire response—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public view, we cannot guarantee that we will be able to do so. If you want BSEE to withhold from disclosure your personal identifying information, you must identify the information that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequence(s) of the disclosure of such information.

FOR FURTHER INFORMATION CONTACT: Lakeisha Harrison, Chief, Regulations and Standards Branch, at (703) 787-1552 or by email: regs@bsee.gov.

SUPPLEMENTARY INFORMATION:**I. Background**

In accordance with the Outer Continental Shelf Lands Act (OCSLA), 43 U.S.C. 1331 *et seq.* and its implementing regulations (30 CFR part 250), BSEE is responsible for regulating many activities on the OCS in order to ensure the orderly and expeditious development of oil and natural gas resources in a safe and environmentally responsible manner. Among other responsibilities, BSEE enforces regulations for decommissioning of pipelines and related infrastructure on the OCS seabed, as well as regulations for decommissioning of wells, platforms and other facilities. (*See* 30 CFR part 250, subpart Q (§§ 250.1700—250.1754).)

The Subpart Q regulations require that an operator decommission and remove pipelines, wells, platforms and other facilities when they are no longer useful for operations. (*See* 30 CFR 250.1703.) The operator must conduct these decommissioning activities in a manner that is "safe, does not unreasonably interfere with other uses of the OCS, and does not cause undue or serious harm or damage to the human, marine or coastal environment." (*Id.* § 250.1703(g).) Among other things, the decommissioning regulations require the removal of all "facilities." (*See, e.g., id.* §§ 250.1703(c), 250.1725.) Section 250.1700(c) defines "facility" to include pipeline risers and any other
