Needs and Uses: Under 49 CFR part 1250, the Board requires the nation’s seven Class I (large) railroads and the Chicago Transportation Coordination Office (CTCO), through its Class I members, to report certain railroad service performance metrics on a weekly basis and certain other information on a quarterly and occasional basis. This collection of rail service data aids the Board in identifying rail service issues, allowing the Board to better understand current service issues and to identify and address potential future regional and national service disruptions more quickly. The transparency resulting from this collection also benefits rail shippers and other stakeholders by helping them to better plan operations and make informed decisions based on publicly available, near real-time data and their own analysis of performance trends over time.

Under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Under 44 U.S.C. 3506(c)(2)(A), federal agencies are required to provide, prior to an agency’s submitting a collection to OMB for approval, a 60-day notice and comment period through publication in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information.

Description of Collections

Information Collection 1

Title: Joint Notice of Intent to Arbitrate.

OMB Control Number: 2140–XXXX.

STB Form Number: None.

Type of Review: Existing collection without an OMB control number.

Respondents: Parties seeking to submit to arbitration certain matters before the Board.

Number of Respondents: One.

Estimated Time per Response: One hour.

Frequency: On occasion.

Total Burden Hours (annually including all respondents): One.

Total “Non-hour Burden” Cost: None identified. Filings are submitted electronically to the Board.

Needs and Uses: Under 49 CFR 1108.5, arbitration commences with a written complaint that contains a statement that the relevant parties are participants in the Board’s arbitration program, or that the complainant is willing to arbitrate the dispute pursuant to the Board’s arbitration procedures. The respondent’s answer to the written complaint must then indicate the respondent’s participation in the Board’s arbitration program or its willingness to arbitrate the dispute at hand pursuant to the Board’s arbitration procedures.

As an alternative to filing a written complaint, parties may submit a joint notice to the Board, indicating the consent of both parties to submit an issue in dispute to the Board’s arbitration program. In the joint notice, parties state the issue(s) that they are willing to submit to arbitration. The notice must contain a statement that would indicate that all relevant parties are participants in the Board’s arbitration program pursuant to § 1108.3(a), or that the relevant parties are willing to arbitrate voluntarily a matter pursuant to the Board’s arbitration procedures, and the relief requested. The notice must also indicate whether parties have agreed to a three-member arbitration panel or a single arbitrator and must indicate whether the parties have mutually agreed to a lower amount of potential liability in lieu of the monetary award cap that would otherwise be applicable. The joint notice encourages greater use of arbitration to resolve disputes at the Board.

The Chairman may augment the roster at any time to include eligible
