

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Collection and submission of materials				
Individuals at academic institutions	910	1	0.50	455
Annualized totals	1820			1128

The annualized cost to respondents is estimated at \$31,978.86, \$6,189.46 for survey completion, and \$12,894.70 for the review of course information and collection and submission of materials, respectively.

There are no Capital Costs to report. There are no Operating or Maintenance Costs to report.

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Dr. Paul M. Coates, Director, Office of Dietary Supplements, National Institutes of Health, Suite 3B01, 6100 Executive Boulevard, Bethesda, MD 20892-7517; or fax your request to 301-480-1845; or e-mail ods@nih.gov. Dr. Coates can be contacted by telephone at 301-435-2920.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: April 13, 2006.

Paul M. Coates,

*Director, Office of Dietary Supplements,
National Institutes of Health.*

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Toxicology Program (NTP); Liaison and Scientific Review Office; Meeting of the NTP Board of Scientific Counselors

AGENCY: National Institute of Environmental Health Sciences (NIEHS), National Institutes of Health (NIH).

ACTION: Meeting announcement and request for comments

SUMMARY: Pursuant to Public Law 92-463, notice is hereby given of a meeting of the NTP Board of Scientific Counselors (NTP BSC). The NTP BSC is composed of scientists from the public and private sectors and provides primary scientific oversight to the Director for the NTP and evaluates the scientific merit of the NTP's intramural and collaborative programs.

DATES: The NTP BSC meeting will be held on June 13, 2006. In order to facilitate planning for this meeting, persons wishing to make an oral presentation are asked to notify the Executive Secretary for the NTP BSC by May 31, 2006 (see **FOR FURTHER INFORMATION CONTACT** below). Written comments should also be received by May 31, 2006, to enable review by the NTP BSC and NIEHS/NTP staff prior to the meeting. Persons needing special assistance, such as sign language interpretation or other reasonable accommodation in order to attend, should contact 919-541-2475 (voice), 919-541-4644 TTY (text telephone), through the Federal TTY Relay System at 800-877-8339, or by e-mail to niehsoeeo@niehs.nih.gov. Requests should be made at least 7 days in advance of the event.

ADDRESSES: The NTP BSC meeting will be held in the Rodbell Auditorium, Rall Building at the National Institute of Environmental Health Sciences, 111 T. W. Alexander Drive, Research Triangle Park, NC 27709.

FOR FURTHER INFORMATION CONTACT: Public comments and any other correspondence should be submitted to Dr. Barbara Shane, Executive Secretary for the NTP Board (NTP Liaison and

Scientific Review Office, NIEHS, P.O. Box 12233, MD A3-01, Research Triangle Park, NC 27709; telephone: 919-541-4253, fax: 919-541-0295; or e-mail: shane@niehs.nih.gov.

SUPPLEMENTARY INFORMATION:

Preliminary Agenda Topics and Availability of Meeting Materials

Preliminary agenda topics are as follows:

- NIEHS Strategic Plan.
- Update of NTP Activities.
- NTP BSC's Technical Report Review Subcommittee Report.
- NTP Testing Nominations.

A copy of the preliminary agenda, committee roster, and any additional information, when available, will be posted on the NTP Web site or may be requested in hardcopy from the Executive Secretary for the NTP BSC (see **FOR FURTHER INFORMATION CONTACT** above). Following the meeting, summary minutes will be prepared and made available on the NTP Web site.

Attendance and Registration

The meeting is scheduled for June 13, 2006, from 8:30 a.m. to adjournment and is open to the public with attendance limited only by the space available. Individuals who plan to attend are encouraged to register online at the NTP Web site by May 31, 2006, to facilitate access to the NIEHS campus. Please note that a photo ID is required to access the NIEHS campus. The NTP is making plans to videocast the meeting through the Internet at <http://www.niehs.nih.gov/external/video.htm>.

Request for Comments

Time is allotted during the meeting for the public to present comment to the NTP BSC and NTP staff on the agenda topics. Each organization is allowed one time slot per agenda topic. At least 7 minutes will be allotted to each speaker, and if time permits, may be extended to 10 minutes. Registration for oral comments will also be available on-site, although time allowed for presentation by on-site registrants may be less than that for pre-registered speakers and will be determined by the number of persons who register at the meeting.

Persons registering to make oral comments are asked, if possible, to send a copy of their statement to the Executive Secretary for the NTP BSC (see **FOR FURTHER INFORMATION CONTACT** above) by May 31, 2006, to enable review by the NTP BSC and NIEHS/NTP staff prior to the meeting. Written statements can supplement and may expand the oral presentation. If registering on-site and reading from written text, please bring 40 copies of the statement for distribution to the NTP BSC and NIEHS/NTP staff and to supplement the record. Written comments received in response to this notice will be posted on the NTP Web site. Persons submitting written comments should include their name, affiliation, mailing address, phone, fax, e-mail, and sponsoring organization (if any) with the document. Please note that this meeting provides a second opportunity for the public to provide comment on testing recommendations for substances nominated to the NTP. Comments submitted to the NTP in response to the April 2006 **Federal Register** notice on this topic (Volume 71, Number 69, pages 18341–18344) will be considered at the NTP BSC meeting and do not need to be resubmitted.

Background Information on the NTP Board of Scientific Counselors

The NTP BSC is a technical advisory body comprised of scientists from the public and private sectors who provide primary scientific oversight to the overall program and its centers. Specifically, the NTP BSC advises the NTP on matters of scientific program content, both present and future, and conducts periodic review of the program for the purposes of determining and advising on the scientific merit of its activities and their overall scientific quality. Its members are selected from recognized authorities knowledgeable in fields, such as toxicology, pharmacology, pathology, biochemistry, epidemiology, risk assessment, carcinogenesis, mutagenesis, molecular biology, behavioral toxicology and neurotoxicology, immunotoxicology, reproductive toxicology or teratology, and biostatistics. Members serve overlapping terms of up to four years. NTP BSC meetings are held annually or biannually.

Dated: April 11, 2006.

Samuel H. Wilson,

Deputy Director, National Institute of Environmental Health Sciences and National Toxicology Program.

Substance Abuse and Mental Health Services Administration

Revision of Final Fiscal Year (FY) 2006 State Allotment of Community Mental Health Services (CMHS) Block Grant (BG)

AGENCY: Substance Abuse and Mental Health Services Administration (SAMHSA).

ACTION: Public notice.

SUMMARY: SAMHSA has revised the final FY 2006 calculations for the CMHS BG 50 States and Washington, DC after it has been discerned that the July 1, 2003 population estimates used in the calculation involved multiple counting of persons who reported more than one race. This notice describes the background and rationale for revising the calculations and presents a revised set of State-specific final FY 2006 CMHS BG allotment figures, showing the differences in the two sets of calculations.

FOR FURTHER INFORMATION CONTACT: Joe Gfroerer, Office of Applied Studies/SAMHSA, 1 Choke Cherry Road, Room 7–1015, Rockville, MD 20857, (240) 276–1262.

Background

Under Public Law 102–321, the Secretary of the U.S. Department of Health and Human Services (DHHS), acting through the Director of SAMHSA's Center for Mental Health Services, determines the allotments for States and territories for the CMHS BG and disburses federal funds to eligible States and territories. Public Law 102–321 contains the eligibility criteria for receipt of funds under the CMHS BG, and provides the formulae and methods for determining State and territory allotments. The Office of Applied Studies (OAS) at SAMHSA is responsible for acquisition and compilation of required source data and the computation of BG allotment amounts for States and territories. The preliminary and final FY 2006 CMHS BG allotment calculations were performed in accordance with SAMHSA procedures established during 1995 that were documented in the **Federal Register** notice published on June 26, 1996. The law requires that the CMHS BG calculations use the most recent State-level data for resident population by age (18–24, 25–44, 45–64, and 65 or over) and for the cost-of-services index and the fiscal capacity index.

Rationale for Revising Final FY 2006 CMHS BG Calculations

SAMHSA used the July 1, 2003 population estimates file (SC–EST2003–race5.txt; released by the Census Bureau on September 30, 2004) that was available on the cut-off date of October 1, 2004 for both preliminary and final FY 2006 CMHS BG allotment calculations. The file included a 5-category, mutually-nonexclusive race variable that allowed multiple counting of persons who reported more than one race. Internal reviews have indicated that though calculations for determining State allotments were done correctly, the file (SC–EST2003–race6.csv; released by the Census Bureau on September 30, 2004) containing a 6-category, race6.csv; released by the Census Bureau on September 30, 2004) containing a 6-category, mutually-exclusive (i.e., no multiple counting) race variable would have been more appropriate for use in the calculations. An examination of these two data files has indicated that multiple counting of persons was particularly higher for Hawaii (26.3%), Alaska (5.0%), California (2.5%), Colorado (1.9%), Nevada (2.6%), Oklahoma (4.2%), Oregon (2.5%) and Washington (3.1%), compared to the national average (1.6%).

Revised Final FY 2006 CMHS Allotments

Taking into consideration both the multiple-counting problem with the population estimates source data used and the procedural requirement for using source data for the FY 2006 CMHS BG allotment determinations that were released on or before October 1, 2004, SAMHSA has revised the final FY 2006 CMHS BG allotments. Revised final State allotments for FY 2006 were determined by replacing the 5-category-race-based population estimates with the 6-category-race-based population estimates. A comparison of the revised final FY 2006 CMHS BG State allotments with current allotments is shown in the following Table. The attachment shows FY 2005 final allotments, current and revised FY 2006 CMHS BG allotments, and the difference in these allotments in dollars and percent. The revised allotments are lower for Alaska, California, Colorado, Hawaii, Montana, Nevada, New York, Oklahoma, Oregon, Washington, and the District of Columbia, while the revised allotments for all other States increased by small amounts. The allotments for all territories would remain unchanged with the revision, as would the
