BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Bonneville Power Administration

I-5 Corridor Reinforcement Project

AGENCY: Bonneville Power Administration (BPA), Department of Energy (DOE).

ACTION: Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) and notice of floodplain and wetlands involvement.

SUMMARY: BPA intends to prepare an EIS in accordance with the National Environmental Policy Act (NEPA) on the construction, operation, and maintenance of a proposed 500-kilovolt (kV) transmission line and associated substations. The project would be located in Cowlitz and Clark counties, Washington, and Multnomah County, Oregon. The new BPA transmission line would extend generally southeast from a new substation proposed near Castle Rock in Cowlitz County, Washington (referred to as Castle Rock Substation), to a new substation proposed near BPA's existing Troutdale Substation near the city of Troutdale in Multnomah County, Oregon. Multiple preliminary transmission line route segments have been identified that, when combined, result in various transmission line routing alternatives approximately 70 miles long. The proposed transmission line and substations are needed to help ease transmission system congestion in the southwest Washington and northwest Oregon area, allowing BPA to fulfill existing and new transmission service requests for existing and new generation; improve system reliability; and meet continued electric load growth.

With this NOI, BPA is initiating the public scoping process for the EIS. BPA is requesting comments about potential environmental impacts that it should consider as it prepares the EIS for the proposed project, as well as comments on preliminary transmission line route segments and the proposed substations that have been identified.

In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements, BPA will prepare a floodplain and wetlands assessment to avoid or minimize potential harm to or

within any affected floodplains and wetlands. The assessment will be included in the EIS.

DATES: Oral and written scoping comments are due to BPA no later than November 23, 2009. Comments may also be made at the EIS scoping meetings to be held between October 27 and November 7, 2009 at the addresses below.

ADDRESSES: Send letters with comments on the proposed scope of the EIS to I-5 Corridor Reinforcement Project, P.O. Box 9250, Portland, OR, 97207, or by fax to (888) 315-4503. You may also call BPA's comment and information line at (800) 230-6593 and leave a comment, or submit comments online at <http://www.bpa.gov/go/i5>. BPA will post all comments on BPA's Web site at <http://www.bpa.gov/i5>. Submit requests to be placed on the project mailing list, for information, and questions to the same address and numbers above.
