

Primary Benefit Test has not been met with respect to a five-year period, unless in accordance with Section III(a)(3)(A) and (B). A complete description of any new Benefit Enhancements and the Independent Fiduciary's rationale and determinations regarding such enhancements must be included in the next Independent Fiduciary report submitted to the Department;

(q) The Reinsurance Arrangement between Ekahi and Prudential or any successor Fronting Insurer must be indemnity insurance only. The arrangement must not relieve a Fronting Insurer from any responsibility or liability to the Plan, including liability that would result if Ekahi fails to meet any of its contractual obligations to Prudential or any successor Fronting Insurer under the Reinsurance Arrangement. Further, the executed reinsurance contract between the Fronting Insurer and Ekahi will expressly state (by rider, addendum, amendment, etc.) that, in the event that Ekahi is insolvent, unable or unwilling to pay any claims, or otherwise prevented from paying any claims, the Fronting Insurer remains solely obligated to pay any claim properly incurred by the Plan and its participants and beneficiaries;

(r) The Plan document and Summary Plan Description (SPD) will be revised within 90 days after the final exemption is published in the **Federal Register** to include a summary of the Reinsurance Arrangement, an explanation of why the arrangement constitutes a transaction prohibited by ERISA (including an explanation of why Ekahi is a party in interest), and the citation for this exemption as published in the **Federal Register**. The revision must also state that the Plan is currently relying on an individual prohibited transaction exemption granted by the U.S. Department of Labor. The revision to the Plan and SPD must be conspicuously displayed and not contained in a footnote. The Plan Administrator must distribute the updated SPD to all Plan participants within six months after the publication date of the granted exemption.

(s) If the Reinsurance Arrangement is terminated, the Plan Administrator will revise and update the SPD accordingly. The Plan Administrator will then distribute the updated SPD to all Plan participants within six months after the termination of the Reinsurance Arrangement.

(t) Meta, and its affiliates, must maintain all the records necessary to demonstrate the conditions of the exemption have been met with respect to all the prohibited transactions

described in this exemption for a period of six years from the date of any prohibited transaction for which the exemption provides relief. Meta must provide these records to the Department within 30 days after the date the Department requests these records.

Applicability Date: This exemption will be in effect for the period beginning on the date of its publication in the **Federal Register**.

Signed at Washington, DC, this 3rd day of July 2025.

Christopher Motta,

Acting Director, Office of Exemption Determinations, Employee Benefits Security Administration, U.S. Department of Labor.
