

warrant a review. See 19 CFR 351.216(c) (2003).

In accordance with section 751(b) of the Tariff Act and 351.216 of the Department's regulations, the Department is initiating a changed circumstances review to determine whether Yamato Steel Co., Ltd. is the successor company to Yamato Kogyo Co., Ltd. In antidumping duty changed circumstances reviews involving a successor-in-interest determination, the Department typically examines several factors including, but not limited to, changes in: (1) management, (2) organizational structure, (3) ownership, (4) production facilities, (5) supplier relationships, and (6) customer base. See, e.g., *Stainless Steel Sheet and Strip in Coils From the Republic of Korea: Notice of Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review*, 66 FR 67513, 67515 (December 31, 2001) and *Brass Sheet and Strip from Canada: Final Results of Changed Circumstances Review*, 57 FR 20460, 20461 (May 13, 1992). While no one or several of these factors will necessarily provide a dispositive indication, the Department will generally consider the new company to be the successor to the previous company if its resulting operation is similar to that of the predecessor. See *Industrial Phosphoric Acid from Israel: Final Results of Antidumping Duty Changed Circumstances Review*, 59 FR 6944, 6946 (February 14, 1994). Thus, if evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same entity as the former company, the Department will treat the new company as the successor-in-interest to the predecessor. See *Fresh and Chilled Atlantic Salmon from Norway: Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 64 FR 9979, 9980 (March 1, 1999).

The Department will publish in the **Federal Register** a notice of preliminary results of antidumping duty changed circumstances review, in accordance with section 351.216(c), and 351.221(b)(4) and 351.221(c)(3)(i) of the Department's regulations. This notice will set forth the factual and legal conclusions upon which our preliminary results are based and a description of any action proposed based on those results. Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results of review. In accordance with 19 CFR 351.216(e), the Department will issue the final results of its antidumping duty changed

circumstances review not later than 270 days after the date of publication of this notice.

During the course of this changed circumstances review, we will not change any cash deposit instructions on the merchandise subject to this review, unless a change is determined to be warranted pursuant to the final results of this review.

This notice of initiation is in accordance with sections 751(b)(1) of the Act and section 351.221(b)(1) of the Department's regulations.

Dated: December 19, 2003.

James J. Jochum,

Assistant Secretary for Import Administration.
