

Producer/exporter	Weighted-average dumping margin (percent)
Goodluck India Limited ⁴	0.61
Tube Products of India, Ltd., a unit of Tube Investments of India Limited	4.14

Disclosure

We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the respondent did not report entered value, we calculated importer-specific per-unit duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of those sales. Where an importer-specific assessment rate is *de minimis* (*i.e.*, less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties. To determine whether an importer-specific per-unit duty assessment rate is *de minimis*, we calculated an estimated entered value.

Consistent with Commerce's clarification of its assessment practice, for entries of subject merchandise during the POR produced by Goodluck or TII for which they did not know the merchandise was destined for the

United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁵

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of cold-drawn mechanical tubing from India entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for Goodluck and TII will be equal to the weighted-average dumping margin established for each company in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or the original less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 5.87 percent, the all-others rate established in the LTFV investigation in this proceeding.⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information

disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: November 16, 2023.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XD552]

Marine Mammals; File No. 27514

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that Heather E. Liwanag, Ph.D., California Polytechnic State University, 1 Grand Avenue, San Luis Obispo, CA 93407-0401, has applied in due form for a permit to conduct research on northern elephant seals (*Mirounga angustirostris*) in California.

DATES: Written comments must be received on or before December 22, 2023.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page,

⁴ Entries for Goodluck India Limited may have been made under the following company names: Goodluck India Limited; Good Luck Steel Tubes Limited; and Good Luck Industries.

⁵ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

⁶ See *Order*, 83 FR at 26962, 26965.

<https://apps.nmfs.noaa.gov>, and then selecting File No. 27514 from the list of available applications. These documents are also available upon written request via email to NMFS.Pr1Comments@noaa.gov.

Written comments on this application should be submitted via email to NMFS.Pr1Comments@noaa.gov. Please include File No. 27514 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request via email to NMFS.Pr1Comments@noaa.gov. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Jennifer Skidmore or Shasta McClenahan, Ph.D., (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant requests a 5 year permit to study northern elephant seals in California including Piedras Blancas, Gorda, Vandenberg Air Force Base, and the Channel Islands. Research would be conducted year-round on all age classes and both sexes, with increased frequency and effort during the breeding season (December–April). Research will include behavioral observations, acoustics recordings and playbacks, marking, unmanned aircraft systems, capture, measurements, instrumentation, ultrasound, and sampling (blood, scat, urine, swabs, fur, vibrissae) for health monitoring and research. Two unintentional mortality takes are requested per year not to exceed five over the duration of the permit. In addition, salvage, import, export, and receipt of pinniped parts (any species) is requested for scientific research. The following species may also be unintentionally harassed during research: California sea lions (*Zalophus californianus*), harbor seals (*Phoca vitulina*), and northern fur seals (*Callorhinus ursinus*). See the take table for complete numbers of animals requested by species, life stage, and procedure.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: November 16, 2023.

Julia M. Harrison,

Chief, Permits and Conservation Division,
Office of Protected Resources, National
Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Papahānaumokuākea Marine National Monument Permit Application and Reports for Permits

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on August 28, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: Papahānaumokuākea Marine National Monument Permit Application and Reports for Permits.

OMB Control Number: 0648-0548.

Form Number(s): None.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 411.

Average Hours per Response: Conservation and Management and Education ("general" permits), 5 hours; Special Ocean Use permits, 10 hours; Native Hawaiian Practices permits, 8 hours; Recreation permits, 6 hours; permit modification requests and final reports, 10 hours; and annual reports, 5 hours.

Total Annual Burden Hours: 1,343.

Needs and Uses: This request is for an extension of a currently approved information collection. The National Oceanic and Atmospheric Administration (NOAA) Office of National Marine Sanctuaries (ONMS) is sponsoring the information collection as described herein. ONMS manages national marine sanctuaries pursuant to the purposes and policies of the National Marine Sanctuaries Act (NMSA, 16 U.S.C. 1431 *et seq.*). President Bush established the Papahānaumokuākea Marine National Monument (Monument) through Presidential Proclamation 8031 (Proclamation) dated June 15, 2006, (71 FR 36443, June 26, 2006) under the authority of the Antiquities Act (Act) (54 U.S.C. 320301). The Proclamation reserves all lands and interests in lands owned or controlled by the Government of the United States in the Northwestern Hawaiian Islands (NWHI), including emergent and submerged lands and waters, out to a distance of approximately 50 nautical miles (nmi) (93 km) from the islands. The boundaries of the Monument as described in Presidential Proclamation 8031 are 100 miles (160 km) wide and extend approximately 1200 miles (1931 km) around coral islands, seamounts, banks, and shoals. The area includes the Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve, the Midway Atoll National Wildlife Refuge, the Hawaiian Islands National Wildlife Refuge, and the Battle of Midway National Memorial.

The Proclamation includes restrictions and prohibitions regarding activities in the Monument consistent with the authority provided by the Act. The Proclamation prohibits access to the Monument except when passing through the Monument without interruption or as allowed via permit. Vessels passing through the Monument without interruption are required to notify NOAA and the U.S. Fish and Wildlife Service upon entering into and leaving the Monument. Pursuant to the Proclamation, individuals wishing to access the Monument to conduct certain regulated activities must first apply for and be granted a permit. Applicants must also certify compliance with certain vessel monitoring system requirements.

The information submitted in permit applications will, in general, be used at the time the application is submitted to make a final decision on the application. Some of the information may also be used subsequent to the initial decision making to inform management actions or decision making. For example, a survey of a
