

SUPPLEMENTARY INFORMATION: This proposal addresses the approval of local EDCAPCD Rule 232 and SBCAPCD Rule 360. In the Rules section of this **Federal Register**, we are approving these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Approval and Promulgation of Implementation Plans for Kentucky: Source-Specific Revision for Marathon Ashland Petroleum Marine Repair Terminal

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve a source-specific revision to the State Implementation Plan (SIP) of the Commonwealth of Kentucky. This revision requires the Marathon Ashland Petroleum Marine Repair Terminal (MAPMRT) to implement volatile organic compound (VOC) reasonably available control technology (RACT) for its barge cleaning operation as part of a contingency measure implemented for the Huntington-Ashland 1-Hour Ozone Maintenance Area. In the Final Rules Section of this **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no significant, material, and adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse

comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

National Flood Insurance Program (NFIP); Assistance to Private Sector Property Insurers

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Proposed rule.

SUMMARY: FEMA is proposing to amend the Federal Insurance Administration, Financial Assistance/Subsidy Arrangement ("Arrangement") and related regulations regarding issues of Federal jurisdiction and Federal law for lawsuits involving Write-Your-Own (WYO) Companies and the rules for reimbursing WYO Companies for the cost of litigation, including issues of agent negligence and the relationship of the agent to the WYO Company. Additionally, FEMA is amending procedures for companies seeking to become and ceasing to be WYO Companies.

On September 5, 2003, FEMA published an interim final rule that amends FEMA's Arrangement. The purpose of that rule was to extend the current Arrangement for 3 months to allow FEMA to make the changes proposed in this rulemaking.

DATES: FEMA invites comments on this proposed rule, which should be received on or before November 13, 2003.

ADDRESSES: Please send your comments to the Rules Docket Clerk, Office of the General Counsel, FEMA, 500 C Street, SW., Room 840, Washington, DC 20472, (facsimile) 202-646-4536, or (email) rules@fema.gov.

FOR FURTHER INFORMATION CONTACT:

Charles Plaxico, FEMA, 500 C Street, SW., Washington, DC 20472, (phone) 202-646-3422, (facsimile) 202-646-4327, or (email) Charles.Plaxico@dhs.gov.

SUPPLEMENTARY INFORMATION: Under the Arrangement, approximately 100 private sector property insurers issue flood insurance policies and adjust flood insurance claims under their own names, based on an arrangement with the Federal Insurance Administration (FIA) (44 CFR Part 62, Appendix A). The WYO insurers receive an expense allowance and remit the remaining premium to the Federal Government. The Federal Government pays WYO insurers for flood losses and pays loss adjustment expenses based on a fee schedule. Litigation costs, including court costs, attorney fees, judgments, and settlements, are paid by FIA based on submitted documentation. The Arrangement provides that under certain circumstances reimbursement for litigation costs will not be made. FEMA proposes several changes to the Arrangement and related regulations.

FEMA proposes to clarify 44 CFR 61.5 by creating a new Section f from the current text of Section e. FEMA proposes to add 44 CFR 61.5(f) to provide that agents utilized by a WYO
