Fresh Garlic From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has determined that a request for a new shipper review (NSR) of the antidumping duty order on fresh garlic from the People's Republic of China (China) meets the statutory and regulatory requirements for initiation. The period of review (POR) for the NSR is November 1, 2021, through October 31, 2022.

DATES: Applicable January 5, 2023.

FOR FURTHER INFORMATION CONTACT: Charles DeFilippo, AD/CVD Operations Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3797.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the antidumping duty order on fresh garlic on November 16, 1994.¹ On November 30, 2022, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.214(c), Commerce received a timely NSR request from Jining Huahui International Co., Ltd. (Huahui).²

In its submission, Huahui certified that it is the exporter, but not the

producer of the subject merchandise subject to this NSR request.³ Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(ii)(A), Huahui and its producer certified that it did not export fresh garlic to the United States during the period of investigation (POI).⁴ Additionally, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Huahui and its producer certified that, since the initiation of the investigation, it has not been affiliated with any producer or exporter that exported fresh garlic to the United States during the POI, including those not individually examined during the investigation.⁵ As required by 19 CFR 351.214(b)(2)(iii)(B), Huahui and its producer also certified that its export activities are not controlled by the central government of China.⁶

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(iv), Huahui submitted documentation establishing the following: (1) the date on which it first shipped subject merchandise for export to the United States; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.⁷

Commerce conducted a query of U.S. Customs and Border Protection (CBP) data and confirmed that Huahui's subject merchandise entered the United States for consumption and that liquidation of such entries had been properly suspended for antidumping duties. The CBP data that Commerce examined are consistent with information provided by Huahui in its NSR request. In particular, the CBP data confirms the price and quantity reported by Huahui for the sales that forms the basis of its NSR request.⁸

Period of Review

In accordance with 19 CFR 351.214(g)(1)(i)(A), the POR for an NSR initiated in the month immediately following the anniversary month will be the twelve-month period immediately preceding the anniversary month. Therefore, the POR for this NSR is November 1, 2021, through October 30, 2022.

Initiation of NSR

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(b), and based on the information on the record, we find that Huahui's NSR request meets the threshold requirements for initiation of an NSR of its shipment(s) of fresh garlic to the United States.⁹ However, if the information supplied by Huahui is later found to be incorrect or insufficient during the course of this NSR, Commerce may rescind the review or apply adverse facts available, pursuant to section 776 of the Act, as appropriate. Pursuant to 19 CFR 351.221(c)(1)(i), Commerce will publish the notice of initiation of an NSR no later than the last day of the month following the anniversary or semiannual anniversary month of the order. Commerce intends to issue the preliminary results of this review no later than 180 days from the date of initiation, and the final results of this review no later than 90 days after the date the preliminary results are issued.¹⁰

It is Commerce's practice in cases involving non-market economies to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate (*i.e.*, separate rate) provide evidence of *de jure* and *de facto* absence of government control over the company's export activities.¹¹ Accordingly, Commerce will issue questionnaires to Huahui requesting, *inter alia*, information regarding its export activities for the purpose of determining whether it is eligible for a separate rate. The review of the exporter will proceed if the response provides sufficient indication that the exporter is not subject to either *de jure* or *de facto* government control with respect to its exports of fresh garlic.

We intend to conduct this NSR in accordance with section 751(a)(2)(B) of the Act.¹² Because Huahui certified that it exported subject merchandise, the sale of which is the basis for its NSR request, Commerce will instruct CBP to continue to suspend liquidation of all

¹² The Act was amended by the Trade Facilitation and Trade Enforcement Act of 2015 which removed from section 751(a)(2)(B) of the Act the provision directing Commerce to instruct CBP to allow an importer the option of posting a bond or security in lieu of a cash deposit during the pendency of an NSR.

entries of subject merchandise exported by Huahui. To assist in its analysis of the *bona fide* nature of Huahui's sale(s), upon initiation of this NSR, Commerce will require Huahui to submit, on an ongoing basis, complete transaction information concerning any sales of subject merchandise to the United States that were made subsequent to the POR.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306. This initiation notice is published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Endangered Species; File No. 27106; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; correction.

SUMMARY: NMFS is correcting a notice that appeared in the **Federal Register** on December 22, 2022 announcing that the North Carolina Department of Environment and Natural Resources, Division of Marine Fisheries (NCDMF) applied in due form for a permit pursuant to the Endangered Species Act of 1973, as amended (ESA). There is an error in the description of NCDMF's monitoring program (Observer Program).

DATES: This correction is applicable January 5, 2023.

FOR FURTHER INFORMATION CONTACT: Celeste Stout, NMFS, Office of Protected Resources at celeste.stout@noaa.gov, 301-427-8403; Wendy Piniak, NMFS, Office of Protected Resources at wendy.piniak@noaa.gov, 301-427-8402.

SUPPLEMENTARY INFORMATION: NMFS published a notice in the **Federal Register** on December 22, 2022 (87 FR 78659) announcing that the NCDMF applied in due form for a permit

pursuant to the ESA. NCDMF's application includes a conservation plan designed to minimize and mitigate take of endangered or threatened species. The permit application is for the incidental take of ESA-listed sea turtles and sturgeon associated with the otherwise lawful gill net fisheries operating in the inshore waters of North Carolina. NMFS provided the notice in order to allow other agencies and the public an opportunity to review and comment on the application materials.

The notice incorrectly stated: "NCDMF's monitoring program is largely funded through state appropriations and is supplemented through other sources such as the Atlantic Coastal Cooperative Statistics Program and the National Fish and Wildlife Foundation." (87 FR 78659, December 22, 2022; 87 FR 78661, December 22, 2022).

While NCDMF's sampling programs are largely funded through state appropriations and are supplemented through other sources such as the Atlantic Coastal Cooperative Statistics Program and the National Fish and Wildlife Foundation, the NCDMF Observer Program is funded completely by the North Carolina Commercial Fishing Resource Fund, where the funds come from an increase in NCDMF's commercial fishing license fees (G.S. 113-173.1). This information is correctly presented in the NCDMF's application, which is available for download and review at <https://www.fisheries.noaa.gov/national/endangered-species-conservation/incidental-take-permits> and at <http://www.regulations.gov>. The application is also available upon request (see **FOR FURTHER INFORMATION CONTACT**).
