The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of

the world." The funding authority for the program above is provided through legislation.

Overview

The Youth Leadership Program with Sub-Saharan Africa is a three-week exchange for high school youth and adult educators focused on civic education, community service, and youth leadership development. Subthemes that explore these overarching themes may be added, such as business and entrepreneurship, the environment, public health, or other topics relevant to the participating African countries. Participants engage in a variety of activities such as workshops on leadership and service, community site visits related to the program themes and subthemes, interactive training, presentations, visits to high schools, local cultural activities, and other activities designed to achieve the program's stated goals. Multiple opportunities for participants to interact meaningfully with their American peers must be included. Follow-on activities with the participants are an integral part of the program, as the students apply the knowledge and skills they have acquired by planning service projects in their home communities.

The goals of the program are to:

- (1) Promote mutual understanding between the people of the United States and the people of Africa;
- (2) Prepare youth leaders to become responsible citizens and contributing members of their communities; and
- (3) Foster relationships among youth from different ethnic, religious, and national groups.

The objectives of the program are for participants to:

- (1) Demonstrate a better understanding of the elements of a participatory democracy as practiced in the United States;
- (2) Demonstrate critical thinking and leadership skills; and
- (3) Demonstrate skill at developing project ideas and planning a course of action to bring the projects to fruition.

The primary themes of the program are:

- (1) Civic Education (Citizen Participation, Grassroots Democracy and Rule of Law);
- (2) Community Service; and
- (3) Youth Leadership Development.

For each project, applicant organizations must focus on these primary themes. Secondary themes, such as business and entrepreneurship, the environment, public health, or other topics relevant to the participating African countries, will serve to illustrate the more abstract concepts of the
