The Commission will also make recommendations for restructuring school finance systems to achieve equity in the distribution of educational resources and further student performance, especially for the students at the lower end of the achievement gap. The Commission will examine the disparities in meaningful educational opportunities that give rise to the achievement gap, with a focus on systems of finance, and recommend appropriate ways in which Federal policies could address such disparities.

The agenda for the Commission's January 23, 2012 meeting will include an Ethics briefing, discussion of particular language for drafting certain portions of the Commission's annual report, and reaching consensus on particular recommendations. The Commission may have breakout sessions, most likely during the second half of the meeting, to discuss particular issues. The Commission plans to discuss the establishment of two or more subcommittees to discuss recommendations the Commission may make regarding teachers and school leaders; what documents and information should be included in the materials that will supplement the main Commission report; and/or other subjects within the Commission's charter. If time permits, these subcommittees may meet in the afternoon to outline their specific tasks and timing for subsequent meetings. Due to time constraints, there will not be a public comment period, but, individuals wishing to provide comments may contact the Equity Commission via email at [equitycommission@ed.gov](mailto:equitycommission@ed.gov).
