

acknowledged by the LEA in the application. Second, LEAs are required to identify the number of eligible children who were residing on-base or off-base during the previous school year. If any of the eligible children were residing in base housing or in military housing undergoing renovation or rebuilding and deemed as eligible for on-base housing, LEAs will need to identify this number on the front page of the application. Third, the LEA must provide its banking information to receive payment. A sample "Section II—Payment Determination" is included as part of the form to provide an example for LEAs.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Control Number: Assessing Options for CONUS Domestic Dependents Elementary and Secondary Schools (DDESS); OMB Control Number 0704-TBD.

Needs and Uses: The objective of this project is to recommend options that most effectively balance cost and quality considerations for primary and secondary schooling of military dependents on each of the 15 continental United States (CONUS) installations where the Department of Defense currently operates Domestic Dependents Elementary and Secondary Schools (DDESS) or contracts with local educational agencies (LEAs) to operate schools on the installation. As part of the study, we will interview superintendents of LEAs that are in close proximity to installations that have DDESS schools (excluding those installations that only have special arrangement schools). The interviews will capture information on the approach the LEAs will adopt if they were given the responsibility to educate DDESS students, as well as identify factors that might facilitate or hinder LEAs taking the responsibility of educating DDESS students. This information is critical as it will identify whether transferring DDESS schools to LEAs is even a feasible option that could be plausibly considered for the

governance of the current CONUS DDESS schools.

Affected Public: Individuals or households.

Annual Burden Hours: 56.

Number of Respondents: 28.

Responses per Respondent: 1.

Average Burden per Response: 120 minutes.

Frequency: Once.

Superintendents of local education agencies (LEAs) that are in the vicinity of the installations where the Department of Defense (DoD) currently operates Domestic Dependents Elementary and Secondary Schools (DDESS), as well as superintendents of LEAs that have contracts with DoD to operate schools at the installations will be interviewed. The interviews will address the type and quality of programs and services they provide to their students, their capacity to expand their student enrollment to include DDESS students, challenges they would face, and considerations they need to take into account. Participation in these interviews is completely voluntary. Information from the interviews will be used by policymakers at the Department of Defense to determine ways to best operate DDESS and contracted schools.

Dated: November 26, 2013.
