

PCX Rule 6.87 and add new ones that relate to: (1) Disclosing the identity of parties to an obvious error transaction (Commentary .03 to PCX Rule 6.87); (2) inclusion of options with zero bid and offered at a nickel (Commentary .03 to PCX Rule 6.87—modified from the Exchange's existing Rule 6.87(g)(2)(F)—relating to no bid erroneous executions); (3) defining the options exchange providing the most liquidity (Commentary .05 to PCX Rule 6.87); and (4) defining erroneous sell transactions and erroneous buy transactions (Commentary .06 to PCX Rule 6.87). The Exchange also seeks to add a cross reference to its hearing and review rule, PCX Rule 10.14(a)(5), to include PCX Rule 6.87 as a rule from which a potentially aggrieved party may appeal a decision under PCX Rule 10.14.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and Section 6(b)(5) of the Act,¹⁰ in particular, because it is designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and practices, and to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any significant burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change (1) does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms, does not become operative until 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Furthermore, the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five

business days prior to the date of filing of the proposed rule change. Consequently, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹²

The PCX has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The Commission believes that waiver of the 30-day operative delay would enable the Exchange to implement the proposal as quickly as possible. In addition, the Commission notes that the proposal to amend the PCX obvious error rule is substantially identical to ISE Rule 720. Thus, the Commission does not believe that the proposed rule change raises any new regulatory issues.¹³ For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁴

At any time within 60 days of the filing of this proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
