

seq.) (“Exchange Act”). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 15Ba2–1 provides that an application for registration with the Commission by a bank municipal securities dealer must be filed on Form MSD. The Commission uses the information obtained from Form MSD filings to determine whether bank municipal securities dealers meet the standards for registration set forth in the Act, to maintain a central registry where members of the public may obtain information about particular bank municipal securities dealers, and to develop risk assessment information about bank municipal securities dealers.

Form MSD is a one-time registration form that must be amended only if it becomes inaccurate. Based upon past submissions of zero initial filings and 14 amendments in 2019, zero initial filings and three amendments in 2020, zero initial filings and one amendment in 2021, and zero initial filings and zero amendments so far in 2022, the Commission estimates that on an annual basis approximately one respondent will use Form MSD for an initial registration application, and that approximately six respondents will utilize Form MSD for an amendment, for a total of seven respondents per year. The time required to complete Form MSD varies with the size and complexity of the bank municipal securities dealer’s proposed operations. Bank personnel that prepare Form MSD filings previously indicated that it can take up to 15 hours for a bank with a large operation and many employees to complete the form, but that smaller banks with fewer personnel can complete the form in one to two hours. We believe that most recent applications have come from smaller banks. Also, amendments to form MSD are likely to require significantly less time. We estimate that the total annual burden is currently approximately 11 hours at an average of 1.5 hours per respondent. (7 respondents/year \times 1.5 hours/respondent = 10.5 hours/year rounded up to 11). The staff estimates that the average internal compliance cost per hour is approximately \$406.¹ Therefore, the estimated total annual internal cost of compliance is approximately \$4,263

per year (10.5 hours/year \times \$406/hour = \$4,263/year).

Rule 15Ba2–1 does not contain an explicit recordkeeping requirement, but the rule does require the prompt correction of any information on Form MSD that becomes inaccurate, meaning that bank municipal securities dealers need to maintain a current copy of Form MSD indefinitely. In addition, the instructions for filing Form MSD state that an exact copy should be retained by the registrant. Providing the information on the application is mandatory in order to register with the Commission as a bank municipal securities dealer. The information contained in the application will not be kept confidential.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by July 15, 2022.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.
