### 40 CFR Part 300

#### National Oil and Hazardous Substance Pollution Contingency Plan

#### National Priorities List Update

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of intent to delete the Dixie Oil Processors, Inc. Superfund Site from the National Priorities List.

**SUMMARY:** The United States Environmental Protection Agency (EPA) Region 6 is issuing a notice of intent to delete the Dixie Oil Processors, Inc. Superfund Site (Site), located in Friendswood, Texas, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is appendix B of 40 CFR part 300, which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Texas, through the Texas Commission on Environmental Quality (TCEQ), have determined that all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

In the "Rules and Regulations" Section of today's **Federal Register**, we are publishing a direct final notice of deletion of the Dixie Oil Processors, Inc. Superfund Site without prior notice of intent to delete because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final deletion. If we receive no adverse comment(s) on this notice of intent to delete or the direct final notice of deletion, we will not take further action on this notice of intent to delete. If we receive adverse comment(s), we will
