(1) Basic or advanced training leading to an academic degree in areas of personnel shortages in rehabilitation as identified by the Secretary;

(2) A specified series of courses or programs of study leading to the award of a certificate in areas of personnel shortages in rehabilitation as identified by the Secretary; and

(3) Support for medical residents enrolled in residency training programs in the specialty of physical medicine and rehabilitation.

Priorities: This notice includes two absolute priorities. Absolute Priority 1 is from the regulations for this program (34 CFR 386.1). Absolute Priority 2 is from the notice of final priority for this program, published elsewhere in this issue of the **Federal Register**.

Absolute Priorities: For FY 2014 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet both of these absolute priorities.

These priorities are:

Absolute Priority 1—Rehabilitation Long-Term Training Programs Designed to Provide Academic Training in Areas of Personnel Shortages.

Applications that propose to provide training in the priority areas of (1)

Vocational Evaluation and Work Adjustment (84.129F); (2) Rehabilitation of Individuals Who Are Mentally Ill (84.129H); (3) Rehabilitation of Individuals Who are Blind or Have Vision Impairments (84.129P); and (4) Rehabilitation of Individuals Who are Deaf or Hard of Hearing (84.129Q).

Absolute Priority 2—Rehabilitation Specialty Areas.

Note: The full text of this priority is included in the notice of final priority for this program published elsewhere in this issue of the **Federal Register** and in the application package for this competition.

Fourth and Fifth Years of the Project: In deciding whether to continue funding any Long-Term Training program for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), and in addition—

(a) The recommendation of the Rehabilitation Services Administration (RSA) project officer who will monitor the reported annual performance of the grantee's training program and measure it against the projections stated in the grantee's application. This includes the number of students actually enrolled in the grantee's training program, the number of students who successfully enter qualifying employment with State VR Agencies, and the number who obtain qualifying employment in related agencies.

(b) The timeliness and effectiveness with which all requirements of the grant award have been or are being met by the grantee, including the submission of annual performance reports and annual RSA scholar payback program reports, and adherence to fiduciary responsibilities related to the budget submitted in the application; and

(c) The quality, relevance, and usefulness of the grantee's training program and activities and the degree to which the training program and activities and their outcomes have contributed to significantly improving the quality of VR professionals ready for employment with State VR Agencies and related agencies. This will be measured by the percentage of students entering eligible employment under 34 CFR 386.34.

Grantees must also provide assurances that they will abide by all of the administrative and performance reporting requirements associated with the RSA scholar payback program reports and will retain all the necessary documentation including the scholarship agreement and exit forms and any other documentation necessary to ensure students understand their financial liabilities under this program (34 CFR part 386).
