BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Receipt of Noise Compatibility Program and Request for Review; Key West International Airport, Key West, Florida**

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces that it is reviewing a proposed Noise

Compatibility Program that was submitted for Key West International Airport under the provisions of 49 U.S.C. 47504 et. Seq (the Aviation Safety and Noise Abatement Act hereinafter referred to as "the Act") and 14 CFR part 150 by Monroe County. This program was submitted subsequent to a determination by FAA that the associated Noise Exposure Maps submitted under 14 CFR part 150 for Key West International Airport were in compliance with applicable requirements effective December 19, 2013, and was published in the **Federal Register** on December 27, 2013. The proposed Noise Compatibility Program will be approved or disapproved on or before March 14, 2015.

DATES: *Effective Date:* The effective date of the start of FAA's review of the associated noise compatibility program is September 15, 2014. The public comment period ends November 14, 2014.

FOR FURTHER INFORMATION CONTACT: Allan Nagy, Federal Aviation Administration, Orlando Airports District Office, 5950 Hazelton National Drive, Suite 400, Orlando, Florida 32822, (407) 812-6331. Comments on the proposed Noise Compatibility Program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA is reviewing a proposed Noise Compatibility Program for Key West International Airport which will be approved or disapproved on or before March 14, 2015. This notice also announces the availability of this program for public review and comment.

An airport operator who has submitted Noise Exposure Maps that are found by FAA to be in compliance with the requirements of Title 14 Code of Federal Regulations (CFR) part 150, may submit a Noise Compatibility Program for FAA approval which sets forth the measures the operator has taken or proposes to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

The FAA has formally received the Noise Compatibility Program for Key West International Airport, effective on September 15, 2014. The airport operator has requested that the FAA review this material and that the noise mitigation measures to be implemented jointly by the airport and surrounding communities, be approved as a Noise Compatibility Program under Section 47504 of the Act. Preliminary review of the submitted material indicates that it

conforms to the requirements for the submittal of Noise Compatibility Programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before March 14, 2015.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR part 150, Section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety or create an undue burden on interstate or foreign commerce, and whether they are reasonably consistent with obtaining the goal of reducing existing non-compatible land uses and preventing the introduction of additional non-compatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments relating to these factors, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the Noise Exposure Maps, the FAA's evaluation of the maps, and the proposed Noise Compatibility Program are available for examination at the following locations: Federal Aviation Administration, Orlando Airports District Office, 5950 Hazelton National Drive, Suite 400, Orlando, Florida 32822.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Issued in Orlando, Florida, on September 15, 2014.

Bart Vernace,

Manager, Orlando Airports District Office.

Federal Highway Administration

Environmental Impact Statement in Buncombe County, NC

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Rescinding of Draft Environmental Impact Statement.

SUMMARY: The FHWA is issuing this notice to advise the public that we are rescinding the Draft Environmental Impact Statement (DEIS) for proposed I-26 Connector from I-40 to US 19-23-70 in Buncombe County, North Carolina. A notice of availability for the

DEIS was published in the **Federal Register** on April 11, 2008.

FOR FURTHER INFORMATION CONTACT: For FHWA: Clarence W. Coleman, P.E., Preconstruction and Environment Director, Federal Highway Administration, 310 New Bern Avenue, Ste. 410, Raleigh, North Carolina 27601-1418; Telephone: (919) 747-7014; email: clarence.coleman@dot.gov. FHWA North Carolina Division Office's normal business hours are 8 a.m. to 5 p.m. (Eastern Time). For the North Carolina Department of Transportation (NCDOT): Richard Hancock, P.E., Environmental Director, Project Development and Environmental Analysis, North Carolina Department of Transportation (NCDOT), PDEA—Century Center Bldg. A, 1000 Birch Ridge Drive, Raleigh, North Carolina 27610 (Delivery), 1548 Mail Service Center, Raleigh, North Carolina 27699-1548 (Mail); Telephone (919) 707-6000; email: RWHancock@ncdot.gov. NCDOT—Project Development and Environmental Analysis Branch Office's normal business hours are 8 a.m. to 5 p.m. (Eastern Time).

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the North Carolina Department of Transportation (NCDOT), is rescinding the DEIS for a proposed multi-lane freeway, part on new location, from I-40 to US 19-23-70 in Buncombe County, North Carolina. On April 11, 2008, FHWA issued a notice of availability for the DEIS for this proposed project requesting that resource agencies and the public provide input and comments as part of the project development process. The Draft EIS evaluated several alternatives, including: (1) No Build, (2) Transportation Systems Management (TSM), (3) Transportation Demand Management (TDM), (4) Mass Transit, and (5) Build Alternatives. A public hearing was held following the completion of the Draft EIS on September 16, 2008. Based on the comments received from various Federal and state agencies and the public, a recent decision to add one build alternative and eliminate one build alternative and updates to many of the supporting technical studies, the FHWA and NCDOT have agreed to rescind the DEIS approved in April 2008.

FHWA and NCDOT plan to prepare a new Draft EIS for the proposed project. A notice of availability for the new DEIS will be issued subsequent to this rescinding notice. Comments or questions concerning the decision to rescind the DEIS approved in April 2008, should be directed to NCDOT or
