Carbon and Alloy Steel Threaded Rod from India: Final Results of Antidumping Duty Administrative Review, 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that carbon and alloy steel threaded rod

(steel threaded rod) from India was sold in the United States at below normal value during the period of review (POR), April 1, 2021, through March 31, 2022. Commerce also determines that one mandatory respondent did not make sales of subject merchandise at below normal value during the POR.

DATES: Applicable November 2, 2023.

FOR FURTHER INFORMATION CONTACT: Nicolas Mayora or Samuel Frost, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3053 or (202) 482–8180, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 4, 2023, Commerce published the *Preliminary Results* of this administrative review and invited parties to comment on the *Preliminary Results*.¹ This administrative review covers 114 companies.² Commerce selected Kanika Exports (Kanika) and R K Fasteners (India) (RKF) as the two respondents for individual examination.³ On August 17, 2023, Commerce extended the deadline for the final results of this review until October 31, 2023.⁴ For a complete description of the events that followed the *Preliminary Results*, see the Issues and Decision Memorandum.⁵

Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁶

The merchandise covered by the scope of this *Order* is carbon and alloy

steel threaded rod from India. A complete description of the scope of the Order is provided in the Issues and Decision Memorandum.⁷

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by interested parties in this review are addressed in the Issues and Decision Memorandum. A list of the issues is attached to this notice at Appendix I. The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we made certain changes to the margin calculations for Kanika in these final results. We did not make any change to RKF’s margin calculations. For a discussion of these changes, see the “Discussion of the Issues” section of the Issues and Decision Memorandum.

Rate for Non-Examined Companies

The Act and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

Where the dumping margin for individually examined respondents are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of

the Act provides that Commerce may use “any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated.”

In this review, we have calculated a weighted-average dumping margins of 2.37 percent for RKF and zero percent for Kanika. Therefore, in accordance with section 735(c)(5)(A) of the Act, we are applying RKF’s weighted average dumping margin of 2.37 percent to the non-examined companies (see Appendix II for a full list of these companies), because this is the only rate that is not zero, *de minimis*, or based entirely on facts available.

Final Results of the Review

Commerce determines that the following estimated weighted-average dumping margins exist during the period April 1, 2021, through March 31, 2022:

Exporter/producer	Weighted-average dumping margin (percent)
Kanika Exports	0.00
R K Fasteners (India)	2.37
Companies Not Selected for Individual Review ⁸	2.37

Disclosure

Commerce intends to disclose to interested parties the calculations performed for these final results of review within five days of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results this review.⁹

For RKF, we calculated importer-specific assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is either zero or *de minimis* (*i.e.*, less than 0.5 percent),

the entries by that importer will be liquidated without regard to antidumping duties. Because the weighted-average dumping margin for Kanika has been determined to be zero percent, we intend to instruct CBP to liquidate Kanika’s entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2).

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by Kanika or RKF for which these companies did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation of 0.00 percent,¹⁰ if there is no rate for the intermediate company(ies) involved in the transaction.¹¹

For the companies that were not selected for individual examination, we will instruct CBP to liquidate entries at the rate established in these final results of review.

We intend to issue instructions to CBP no earlier than 35 days after the publication date of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of review in the **Federal Register**, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in these final results will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, then

Less Than Fair Value and Antidumping Duty Order, 85 FR 19925 (April 9, 2020) (*Order*).

⁷ See Issues and Decision Memorandum at “Scope of the Order.”

⁸ See Appendix II for a full list of these companies.

⁹ See 19 CFR 351.212(b)(1).

¹⁰ See *Order*, 85 FR at 19926.

¹¹ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 0.00 percent, the all-others rate established in the LTFV investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation.¹² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is being issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Assistant Secretary for Enforcement and Compliance.
