Announcement Type: Notice of solicitation for grant applications
Funding Opportunity Number: SGA/DFA–PY 04–1.

Catalog of Federal Assistance Number: 17.261.

SUMMARY: The Employment and Training Administration (ETA), U.S. Department of Labor (DOL), announces the availability of approximately \$10 million in demonstration grant funds to address labor shortages, innovative training strategies, and other workforce challenges in the Healthcare and Biotechnology industries as identified through the President's High Growth Job Training Initiative.

The President's High Growth Job Training Initiative (HGJTI) is a strategic effort to prepare workers for new and increasing job opportunities in high growth/high demand and economically vital industries and sectors of the American economy. The initiative provides national leadership for a demand-driven workforce system by identifying high growth/high demand industries, evaluating their skills needs, and leveraging the publicly funded workforce system in collaboration with private and public sector partners to ensure that people are being trained with the skills required for positions in these rapidly expanding or transforming industries.

Grant funds awarded under the HGJTI should be used to develop and implement innovative solutions to workforce challenges identified by the Healthcare industry or Biotechnology industry. Each solution should take place in the context of a strategic partnership between the public workforce system, business and industry representatives, and education and training providers such as community colleges. It is anticipated that individual awards will fall within the range of \$750,000 to \$1 million.
