

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart TTT).

Estimated number of respondents: 10 (total).

Frequency of response: Initially, quarterly and semiannually.

Total estimated burden: 992 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$99,700 (per year). There are no annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in the respondent burden from the most recently approved ICR. The increase in respondent labor hour is caused by a change in assumption; in this ICR, we assume all existing sources will take some time each year to re-familiarize themselves with the rule requirements.

Courtney Kerwin,

Acting Director, Collection Strategies Division.
