NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Privacy Act of 1974 Republication of Systems of Records Notices

AGENCY: National Archives and Records Administration (NARA).

ACTION: Republication of systems of records notices.

SUMMARY: The National Archives and Records Administration (NARA) has reviewed and revised all of its Privacy Act Systems of Records notices. NARA is republishing a total of 33 systems. Eleven of the systems include proposed revisions that require an advance period for public comment. The remaining 22 systems include minor corrective and administrative changes that do not meet the criteria established by the Office of Management and Budget (OMB) for either a new or altered system of records. These changes are in compliance with OMB Circular No. A-130, Appendix I. One system (NARA 10—Employee Drug Abuse/Alcoholism Files) is being deleted from the inventory of systems because NARA no longer maintains the information. NARA 10 will be reserved for future usage.

EFFECTIVE DATES: The establishment of new systems NARA 25, 26, 27, 28, 29, 30, 31, 32, 33 and 34 and the revisions to system NARA 14 will become effective without further notice on June 3, 2002, unless comments received on or before that date cause a contrary decision. If changes are made based on NARA's review of comments received, a new final notice will be published. All other revisions included in this republication are complete and accurate as of April 2, 2002.

ADDRESSES: Send comments to the Privacy Act Officer, Office of General

Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD, 20740-6001. They may be faxed to 301-713-6040. You may also comment via the Internet to comments@NARA.GOV.

FOR FURTHER INFORMATION CONTACT:

Ramona Branch Oliver, Privacy Act Officer, 301-713-6025, ext. 252 (voice) or 301-713-6040 (fax).

SUPPLEMENTARY INFORMATION: NARA last published a comprehensive set of Privacy Act notices in the **Federal Register** on May 28, 1992 (57 FR 22430). We also published changes to 3 system of records notices on March 10, 2000 (65 FR 13052). They are NARA 1 (Researcher Application Files), NARA 5 (Conference, Workshop, and Training Course Files, and NARA 6 (Mailing List Files). The notice for each the 33 system of records states the following:

- Name and the location of the record system;
- Authority for and manner of its operation;
- Categories of individuals it covers;
- Types of records that it contains;
- Sources of information in these records;
- Proposed "routine uses" of each system of records; and
- Business address of the NARA official who will inform interested persons of the procedures they must follow to gain access to and correct records pertaining to themselves.

One of the purposes of the Privacy Act, as stated in section 2(b)(4) of the Act, is to provide certain safeguards for an individual against an invasion of personal privacy by requiring Federal agencies to disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information. NARA intends to follow these principles in transferring information to another agency or individual as a "routine use", including assurance that the information is relevant for the purposes for which it is transferred.

The table below identifies the system notices that were previously published and that are being republished with only minor editorial and administrative changes, and the new systems (have not been published previously).
