Form No.: FCC Form 159–W.

Number of Respondents: 4,500.

Estimated Time Per Response: .25 hours or 15 minutes.

Total Annual Burden: 1,125 hours.

Needs and Uses: Section 9 authorizes the Federal Communications Commission to assess and collect annual regulatory fees to recover costs incurred in carrying out its enforcement, policy and rulemaking activities and its user information services. Common carrier licensees and permittees who provide interstate telephone operator services must pay those fees. These regulatory fees are based upon a percentage of the carrier's interstate revenues. The information is necessary to determine how much each carrier's interstate revenues are available to the carrier by extraction from another voluminous collection approved under OMB Control Number 3060–0855, Telecommunications Reporting Worksheet, FCC Form 499–A. The requested FCC Form 159–W is intended to provide a convenient format for documenting the extracted interstate revenue information and to complete the simple calculation of the fee amount due.

OMB Control No.: 3060–XXXX.

The FCC uses the information to determine whether an applicant's license will be renewed at the end of the license period.
