1. National 800 Number—Claims Status—20 CFR 401.45-0960-NEW. SSA has established a process for authenticating the information of individuals who use the automated telephone services or speak to an agent to request information from SSA records. Prior to SSA responding to requests for personal information through the automated telephone services, we must authenticate the requester's information by obtaining the appropriate identification elements. This automated telephone service will provide callers with status of a Social Security claim which they have filed. All information provided will then be compared to the information contained in our records so that the appropriate claim is accessed and the respondent is given the status of that claim. Respondents are current Social Security beneficiaries.

2. Missing and Discrepant Wage Reports Letter and Questionnaire—26 CFR 31.6051-2-0960-0432. Each year employers report the wage amounts they paid their employees to the Internal Revenue Service (IRS) for tax purposes, and separately to SSA for retirement and disability coverage purposes. These reported amounts should equal each other; however, each year some of the employer wage reports that SSA receives are less than the wage amounts reported to the IRS. SSA attempts to ensure that employees receive full credit for the wages that they have earned through the use of the forms SSA-L93-SM; SSA-L94-SM; SSA-95-SM and SSA-97-SM. Respondents are employers who reported less wage amounts to SSA than they reported to the IRS.
