SUPPLEMENTARY INFORMATION: The IRS is currently seeking comments concerning the following information collection tools, reporting, and record-keeping requirements:

Title: Special Rules for Long-Term Contracts Under Section 460.

OMB Number: 1545-1732.

Form Number: 8697.

Regulation Project Number: 8775, 8929, 8995, and 9137.

Abstract: IRC section 460 generally provides rules that requires taxpayers to determine taxable income from a long-term contract using the percentage-of-completion (PCM) method and pay, or be entitled to receive, interest computed using the look-back method.

Form 8697 is used by taxpayers to figure the interest due or to be refunded under the look-back method of IRC section 460(b)(2) on certain long-term contracts that are accounted for under either the PCM method or the percentage-of-completion capitalized cost method.

TD 8775 added Treasury Regulations section 1.460-6(j), providing taxpayers with the requirements to make an election not to apply the look-back method to long-term contracts in de minimis cases.

TD 8929 added Treasury Regulations section 1.460-1(e)(4), requiring taxpayers to attach a statement with specific information to their income tax return if they sever an agreement or aggregate two or more agreements during the taxable year.

TD 8995, as amended by TD 9137, added Treasury Regulations section 1.460-6(g)(3)(ii)(D) providing rules concerning a mid-contract change in taxpayer of a contract accounted for under a long-term contract method of accounting. The regulation requires the previous taxpayer to provide specific information to the new taxpayer to help the new taxpayer apply the look-back method when the income from a long-term contract has been previously reported by another taxpayer.

Current Actions: There is no change to the existing collection. However, the estimated burden for individuals filing Form 8697 is approved under OMB control number 1545-0074. The estimated burden for businesses filing Form 8697 is approved under OMB control number 1545-0123.

Type of Review: Extension of a currently approved collection.

Affected Public: Individuals and households, and business or other for-profit organizations.

Estimated Number of Responses: 75,010.

Estimated Time per Respondent: 22 minutes.

Estimated Total Annual Burden Hours: 26,668.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: January 5, 2023.
