Responses may be used to inform ICIC's future actions to improve the operations and delivery of federal community investment programs through stronger

federal collaboration. The purpose of this notice is to extend the comment period for a period of two weeks until December 19, 2022 as to provide more time for interested parties to submit comments.

**DATES:** The comment period for the notice published at 87 FR 60236 on October 4 2022, is extended by two weeks. Responses must be received by December 19, 2022 to be assured of consideration.

All comments should be captioned with "Community Investment Request for Information Comments." Please include your name, organization affiliation, address, email address, and telephone number in your comment. Where appropriate, a comment should include a short executive summary. In general, comments received will be posted on <http://www.regulations.gov> without change, including any business or personal information provided. Do not enclose any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure.

**FOR FURTHER INFORMATION CONTACT:** Please contact Viraj Parikh, Phone Number: 202-923-5161, or [ORPCommunityDevRFI@treasury.gov](mailto:ORPCommunityDevRFI@treasury.gov). Further information may be obtained from the Treasury website detailing the initiative.

**SUPPLEMENTARY INFORMATION:** The Biden-Harris Administration is deploying trillions of dollars of public-sector investment authorized through programs under the American Rescue Plan Act of 2021 (ARP), Bipartisan Infrastructure Law (BIL), Consolidated Appropriations Act, 2021, the bipartisan CHIPS and Science Act (CHIPS) and the Inflation Reduction Act (IRA). These transformational investments present an opportunity to implement federal service delivery solutions that will support catalytic growth in historically

underserved communities and address racial and geographic economic disparities.

On October 4, 2022, the Agencies published a Notice in the **Federal Register** to request public comment on how to improve the operations and delivery of federal community investment programs through stronger federal collaboration.<sup>1</sup> The Notice requested that respondents address the Key Questions listed below and stated that comments must be received by December 5, 2022 to be assured of consideration. This notice announces the extension of the comment period for a period of two weeks as to provide more time for interested parties to submit comments. Responses must be received by December 19, 2022 to be assured of consideration.

### Key Questions

*Note: To assist with responding to these questions, a brief but non-exhaustive list of ICIC-relevant programs are listed at the end of this RFI.*

1. Please describe examples of best practices and lessons learned from community investment projects that have layered a mix of public, private, and/or philanthropic capital. How could these projects have been more impactful or more cost effective to implement? In responding to this question, examples may address any of the four substantive areas of focus described in this RFI: (1) strengthening the capacity of community financial institutions; (2) supporting small businesses and entrepreneurship; (3) improving financial health and inclusion; and (4) investing in community facilities and infrastructure. In addition, a non-exhaustive list of example programs is provided in the appendix of this RFI as a reference.

2. From the examples provided in response to question 1, what specific changes could agencies consider to facilitate the layering of federal funds to attract greater private follow-on funding, as they implement new community investment programs and contemplate modifications to others?

3. As agencies are implementing new programs under recent CHIPS and IRA legislation, how can they best incorporate these lessons to streamline design and delivery, as well as ensure

historically underserved communities benefit from federal funds?

4. Community financial institutions play a critical role in providing safe, affordable capital and financial services to historically underserved communities. How can federal agency coordination help build the capacity of these organizations to serve their communities?

5. What specific changes to federal credit or securitization programs could facilitate additional private investment in community financial institutions, and what are the most important existing limitations of these programs that may prohibit additional scale that could be achieved?

6. How can the Agencies incentivize or structure data collection and reporting to promote increased private sector and philanthropic investment in community financial institutions?

7. How can further alignment of and coordination between federal agencies in the four areas of substantive focus result in stronger outcomes with regards to reducing racial economic disparities, improving financial security and economic mobility, and generating broadly shared economic opportunity?

8. What data should the Agencies consider collecting to better understand and report the impact of community investments in reducing racial, gender, and geographic, or other economic disparities?

9. How can the Agencies collaborate on providing technical assistance, opportunities for peer-to-peer learning, and other non-financial resources to support the deployment of capital or implementation of community-serving projects in historically underserved communities?

10. Please describe best-in-class examples of how federal technical assistance has been best implemented through public-private partnerships.

### Agency Information Collection Activity Under OMB Review: Employment Certification Form

**AGENCY:** Veterans Benefits Administration, Department of Veterans Affairs.

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (PRA) of 1995, this notice announces that the Veterans Benefits Administration (VBA), Department of Veterans Affairs, will submit the collection of information abstracted below to the Office of Management and Budget (OMB) for review and comment. The PRA submission describes the nature of the information collection and its expected cost and burden, and it includes the actual data collection instrument.

**DATES:** Written comments and recommendations for the proposed information collection revision should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Please refer to “OMB Control No. 2900–0874” in any correspondence.

#### SUPPLEMENTARY INFORMATION:

*Authority:* Section 116, Public Law 115–48; Section 8006, Public Law 117.2.  
*Title:* Employment Certification Form, VA Form 22–10201.

*OMB Control Number:* 2900–0874.

*Type of Review:* Revision of a currently approved collection.

*Abstract:* On August 16, 2017, the President signed into law, the Harry W. Colmery Veterans Educational Assistance Act of 2017 (“Forever GI Bill”), Public Law 115–48, which amended Title 38, United States Code to make certain improvements in the laws administered by the Secretary of Veterans Affairs (VA), and for other purposes.

Section 116 of the law authorizes VA to establish a 5-year high technology pilot program for Veterans as an educational program provided by leading technology employers. Section 116 also requires that VA receive Employment Certification from School Certifying Officials (SCOs) and Veterans enrolled in the VET TEC pilot program.

Additionally, Section 116 of Public Law 115–48, and Section 8006 of Public Law 117–2, authorized VA to implement both the Veteran Employment through Technology Education Courses (VET TEC), and the Veteran Rapid Retraining Assistance Program (VRRAP), respectively. Both of these programs provide assistance to an eligible Veteran for the pursuit of a covered program of education. This form therefore allows Veterans who either participated in a VRRAP or VET TEC program to certify to VA that they have found employment in a field related to their program of education. The VET TEC Employment Certification Form 22–10201, which is also used as the employment certification for VRRAP, will allow student Veterans and SCOs to certify that a student Veteran has obtained meaningful employment with the skills acquired during their training program funded by those programs. VA continues to require approval of this information collection, so that VA can verify Veteran employment, as required by the law. VA would not comply with statute, if we do not collect the Veteran Employment Certification. The new laws require VA to certify and verify employment for student Veterans, which aligns with the skills acquired during their training program, funded by the VET TEC program offered by the Department of Veterans Affairs.

An agency may not conduct or sponsor, and a person is not required to

respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 87 FR 20141 on September 19, 2022, page(s) 57261–57262.

*Affected Public:* Individuals and Households.

*Estimated Annual Burden:* 159 hours.

*Estimated Average Burden Time per Respondent:* 5 minutes.

*Frequency of Response:* Once.

*Estimated Number of Respondents:* 1,908.
