Light-Walled Rectangular Pipe and Tube From Mexico; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* January 12, 2012.

SUMMARY: On September 7, 2011, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on light-walled rectangular pipe and tube from Mexico.¹ This administrative review covers two manufacturers/exporters and has a period of review (POR) from August 1, 2009, through July 31, 2010.

Based on our analysis of the comments received on the preliminary results, we have made changes to the margin calculations for one company (Regiomontana de Perfiles y Tubos S.A. de C.V.) and, as a result, the final results of review differ from the preliminary results for this company. The final dumping margins for all reviewed companies are listed below in the section entitled "Final Results of Review."
