with visual disabilities. Among other things, the Report and Order requires any broadcast station or multiple video programming distributor (MVPD) that provides local emergency information as part of a regularly scheduled newscast, or as part of a newscast that interrupts regularly scheduled programming, to make the critical details of the information accessible to persons with visual disabilities in the affected local area. In addition, any broadcast station or MVPD that provides emergency information through a crawl or scroll must accompany that information with an aural tone to alert persons with visual disabilities that the station or MVPD is providing this information. Under 47 CFR 79.2(c) a complaint alleging a violation of this section may be transmitted to the FCC. The complaint should include the name of the video programming distributor against whom the complaint is alleged, the date and time of the omission of emergency information, and the type of emergency. The FCC will notify the video programming distributor of the complaint, and the distributor must respond to the complaint within 30 days.

## FEDERAL COMMUNICATIONS COMMISSION

[DA 04-289]

Wireless Telecommunications Bureau Announces Final Phase of the Private Land Mobile Radio Station Construction and Operational Status Audit

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**SUMMARY:** This document announces the final phase of the Private Land Mobile Radio (PLMR) Spectrum Audit. At the end of this phase, call signs for which licensees have failed to respond to the audit will be deemed to have cancelled automatically.

**DATES:** Response due on or before March 31, 2004.

ADDRESSES: All responses should be mailed to FCC, PLMR Spectrum Audit Responses, 1270 Fairfield Road, Gettysburg, PA 17325, or faxed to (717) 338–2696.

FOR FURTHER INFORMATION CONTACT: Kelly Lawver, Public Safety & Critical Infrastructure Division, Wireless Telecommunications Bureau, (717) 338–2605.

**SUPPLEMENTARY INFORMATION:** This is a summary of a Public Notice released on February 9, 2004.

- 1. The Bureau has been conducting an audit of the construction and operational status of certain Private Land Mobile Radio (PLMR) stations. The audit includes most PLMR Stations (radio services IG, YG, PW, YW) licensed on frequencies below 512 MHz that are subject to frequency coordination and rule-based construction and operational requirements. The Federal Communications Commission's (FCC) part 90 rules for the PLMR facilities require construction within a specified time and require that stations remain operational in order for the FCC license to remain valid. Specifically, when a license fails to construct its authorized PLMR facilities within the requisite construction period or discontinues operation for a period of one year, the license cancels automatically and the licensee is required to notify the FCC.
- 2. The Bureau initially sent audit letters to licensees over a six month period from August 2001, to January 2002. More than 267,000 letters involving approximately 420,000 call signs were sent. The initial mailing generated a 73 percent response rate. In order to generate a higher response rate, a second audit mailing took place in April and May of 2002. As a result of this mailing, the response rate increased to 88 percent. To date, there are approximately 14,000 call signs for which the FCC has not received a response. Because of the number of call signs in this category, we are not listing them in an attachment to this Public Notice. The call signs, however, are listed on the FCC's audit web page.
- 3. To assist licensees and industry in determining which call signs have outstanding audit responses, there are several tools available on the FCC's audit web page at http:// wireless.fcc.gov/licensing/audits/plmrs/ index.html. Information regarding particular call signs may be obtained by querying the audit database under "Audit Search". Listings of call signs for which the FCC has no record of a response are available under "Database Downloads". These files are separated by radio service and state/territory. In addition, if a licensee determines that it needs to respond to the audit, a response form may be downloaded from this page. The completed form should be faxed to: (717) 338-2696 or mailed to: FCC, PLMR Spectrum Audit

Responses, 1270 Fairfield Road, Gettysburg, PA 17325.

- 4. On February 27, 2004, the WTB will begin sending out a third and final letter to those licensees who have not responded to the audit. Licensees will be given until March 31, 2004, to provide a response. The FCC will presume from a failure to respond to this inquiry and previous inquiries that the licensee has either failed to construct its stations within the requisite time period or has discontinued operation of its station for a period of one year. Consequently, if a licensee does not provide a response by March 31, 2004, the stations will be deemed to have cancelled automatically. The FCC's licensing database will be updated to reflect that the licenses are no longer valid and the frequencies will be made available for relicensing.
- 5. For additional information about PLMR Spectrum audit, please call 1–888–225–5322 and select option 2 or visit the WTB Web site at http://wireless.fcc.gov/licensing/audits/plmrs/index.html.

Federal Communications Commission.

### FEDERAL COMMUNICATIONS COMMISSION

[DA 04-290]

Wireless Telecommunications Bureau Announces Disposition of Call Signs Which Were Undeliverable in the Private Land Mobile Radio Station Construction and Operational Status Audit

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

SUMMARY: This document announces its handling of call signs with outstanding audit responses for which Private Land Mobile (PLMR) Spectrum Audit letters have been returned to the Commission as undeliverable. As part of the final phase of the PLMR Spectrum Audit, undeliverable call signs which remain without a response 30 days after publication of this list in the Federal Register will be deemed to have cancelled automatically.

**DATES:** Effective March 25, 2004. **ADDRESSES:** All responses should be mailed to FCC, PLMR Spectrum Audit Responses, 1270 Fairfield Road, Gettysburg, PA 17325, or faxed to (717) 338–2696.

### FOR FURTHER INFORMATION CONTACT:

Kelly Lawver, Public Safety & Critical Infrastructure Division, Wireless Telecommunications Bureau, (717) 338– 2605.

### SUPPLEMENTARY INFORMATION:

- 1. The Bureau has been conducting an audit of the construction and operational status of certain Private Land Mobile Radio (PLMR) stations. The audit includes most PLMR Stations (radio services IG, YG, PW, YW) licensed on frequencies below 512 MHz that are subject to frequency coordination and rule-based construction and operational requirements. The Federal Communications Commission's (FCC) part 90 rules for the PLMR facilities require construction within a specified time and require that stations remain operational in order for the FCC license to remain valid. Specifically, when a license fails to construct its authorized PLMR facilities within the requisite construction period or discontinues operation for a period of one year, the license cancels automatically and the licensee is required to notify the FCC.
- 2. The Bureau initially sent audit letters to licensees over a six month

- period from August 2001, to January 2002. More than 267,000 letters involving approximately 420,000 call signs were sent. The initial mailing generated a 73 percent response rate. In order to generate a higher response rate, the Bureau updated addresses and sent a second letter in April and May of 2002. As a result of this mailing, the response rate increased to 88 percent. To date, letters for approximately 2,300 call signs with outstanding audit responses have been returned to the FCC as undeliverable. The attachment lists the call signs with outstanding audit responses.
- 3. Tools are available on the FCC's audit web page at http:// wireless.fcc.gov/licensing/audits/plmrs/ index.html to assist licensees and industry in determining which call signs are undeliverable and do not have a response. Information regarding particular call signs may be obtained by querying the audit database under "Audit Search". Listings of call signs for which the Commission has no record of a response are available under "Database Downloads". These files are separated by radio service and state/ territory. In addition if a licensee determines that it needs to respond to the audit, a response form may be

- downloaded from this page. The completed form should be faxed to (717) 338–2696 or mailed to FCC, PLMR Spectrum Audit Responses, 1270 Fairfield Road, Gettysburg, PA 17325.
- 4. Licensees will have until March 25. 2004, to provide a response for the attached call signs. The FCC will presume from a failure to provide a response that the licensee has either failed to construct its stations within the requisite time period or has discontinued operation of its station for a period of one year. Consequently, if a licensee does not provide a response by March 25, 2004, the stations will be deemed to have cancelled automatically. The FCC's licensing database will be updated to reflect that licenses are no longer valid and the frequencies will be made available for relicensing.
  5. For additional information about
- 5. For additional information about the Private Land Mobile Radio construction audit, please call 1–888–225–5322 and select option 2 or visit the WTB Web site at http://wireless.fcc.gov/licensing/audits/plmrs/index.html.

# FEDERAL HOUSING FINANCE BOARD [No. 2004–N–04]

## Submission for OMB Review; Comment Request

**AGENCY:** Federal Housing Finance

Board.

**ACTION:** Notice.

WZR766

**SUMMARY:** In accordance with the requirements of the Paperwork Reduction Act of 1995, the Federal Housing Finance Board (Finance Board)

has submitted the information collection entitled "Federal Home Loan Bank Acquired Member Assets, Core Mission Activities, Investments and Advances" to the Office of Management and Budget (OMB) for review and approval of a three-year extension of the OMB control number, which is due to expire on February 29, 2004.

DE

**DATES:** Interested persons may submit comments on or before March 25, 2004.

ADDRESSES: Submit comments to the Office of Information and Regulatory Affairs of the Office of Management and Budget, Attention: Desk Officer for the Federal Housing Finance Board, Washington, DC 20503.

## FOR FURTHER INFORMATION OR COPIES OF THE INFORMATION COLLECTION CONTACT:

David Roderer, Financial Analyst, Risk Monitoring Division, Office of Supervision, by e-mail at rodererd@fhfb.gov, by telephone at 202/408–2540, or by regular mail at the Federal Housing Finance Board, 1777 F Street, NW., Washington, DC 20006.

### SUPPLEMENTARY INFORMATION:

## A. Need For and Use of the Information Collection

The Finance Board has authorized the Federal Home Loan Banks (FHLBanks) to acquire mortgage loans and other assets from their members or housing
