ADDRESSES: Send comments to Jo A. Pendry, Concession Program Manager, National Park Service, 1849 C Street, NW., (2410), Washington, DC 20240; e-mail: jo_pendry@nps.gov; Phone: 202/513-7144; Fax: 202/371-2090.

SUPPLEMENTARY INFORMATION:

Title: Proposed Sale of Concession Operations.

OMB Control Number: 1024-0126.

Expiration Date of Approval: February 28, 2006.

Type of Request: Extension of a currently approved information collection.

Description of Need: The National Park Service (NPS) authorizes private businesses known as concessioners to provide necessary and appropriate visitor facilities and services in areas of the National Park System. Concession authorizations may be assigned, sold, transferred or encumbered by the concessioner subject to prior written approval of the NPS. The NPS requires that certain information be submitted for review prior to the consummation of any sale, transfer, assignment, or encumbrance.

16 U.S.C. 3 provides that no contract, lease, permit or privilege granted for the purpose of providing accommodations for visitors to the national parks shall be assigned or transferred by such grantees, permittees, or licenses without the approval of the NPS, first obtained in writing. It further provides that the NPS may authorize concessioners to execute mortgages and issue bonds, shares of stock, and other evidences or interest in or indebtedness upon their rights, properties and franchises, for the purpose of installing, enlarging or improving plants and equipment and extending facilities for the accommodation of the public within national parks and monuments. 16 U.S.C. 20(3) also provides that the possessory interest of a concessioner may be assigned, transferred, encumbered, or relinquished. Regulations at 36 CFR, Part 51, require that certain information be submitted for review by the NPS prior to the consummation of any sale, transfer, assignment or encumbrance.

The information requested is used to determine whether or not the proposed transaction will result in deceased services to the public, the lack of a reasonable opportunity for profit over the remaining term of the authorization, or rates in excess of existing approved rates to the public. In addition, pursuant to the regulations at 36 CFR Part 51, the value of rights for intangible assets such as the concession contract, right of preference in renewal, user days, or low

fees belong to the Government. If any portion of the purchase price is attributable either directly or indirectly to such assets, the transaction may not be approved. The amount and type of information to be submitted varies with the type and complexity of the proposed transaction. Without such information, the NPS would be unable to determine whether approval of the proposed transaction would be adequate.

Send comments on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; (4) and ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information.

Estimate of Burden: Approximately 8 hours per response.

Estimated Number of Respondents: Approximately 20.

Estimated Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 1600 hours.

A list of information required to be submitted with a request for sale, assignment, transfer or encumbrance of a concession authorization is set forth at 36 CFR Part 51.7.

Send comments regarding the accuracy of the burden estimated, ways to minimize the burden, including the use of automated collection techniques or other forms of information technology, or any other aspect of this collection to Jo A. Pendry, Concession Program Manager, National Park Service, Department of the Interior, 1849 C Street, NW. (2410), Washington, DC 20240.

All responses to this notice will be summarized and included in the request for OMB approval.

All comments will also become a matter of public record.

Dated: September 28, 2005.

Superintendent, Lincoln Boyhood National Memorial, P.O. Box 1816, Lincoln City, Indiana 47552-1816.

SUPPLEMENTARY INFORMATION: Under the preferred alternative, the NPS would emphasize a greater array of interpretive opportunities, with the focus on the history of the Lincoln family in southern Indiana, and on the natural and sociopolitical environment of the times. The Lincoln Living Historical Farm would retain its current character; however, the interpretive program would provide visitors with interpretive opportunities and demonstrations directly related to the Lincoln story and the way in which the family likely lived in Indiana. The Memorial building and court would remain largely unchanged, but new administrative offices would be added to the rear of the structure. Where
