Basis in Interests in Tax-Exempt Trusts

AGENCY: Internal Revenue Service (IRS), Treasury.**ACTION:** Final regulations.

SUMMARY: This document contains final regulations that provide rules for determining a taxable beneficiary's basis in a term interest in a charitable remainder trust (CRT) upon a sale or other disposition of all interests in the trust to the extent that basis consists of a share of adjusted uniform basis. The final regulations affect taxable beneficiaries of CRTs.

DATES: *Effective date:* These final regulations are effective on August 13, 2015.

Applicability date: These final regulations apply to sales and other dispositions of interests in CRTs occurring on or after January 16, 2014, except for sales or dispositions occurring pursuant to a binding

commitment entered into before January 16, 2014.

SUPPLEMENTARY INFORMATION:**Background**

This document contains amendments to 26 CFR part 1. On October 31, 2008, the Treasury Department and the IRS published Notice 2008-99 (2008-47 IRB 1194) to designate a transaction and substantially similar transactions as Transactions of Interest under § 1.6011-4(b)(6) of the Income Tax Regulations and to ask for public comments on how the transactions might be addressed in published guidance. After studying the transaction and comments received from the public in response to Notice 2008-99, the Treasury Department and the IRS filed a notice of proposed rulemaking (REG-154890-03) relating to basis in interests in tax-exempt trusts in the **Federal Register** on January 16, 2014. No comments were received from the public in response to the notice of proposed rulemaking. No public hearing was requested or held. The proposed regulations are adopted without change by this Treasury decision.

Explanation of Provisions

These final regulations provide a special rule for determining the basis in certain CRT term interests in transactions to which section 1001(e)(3) applies. Such transactions are those in which the sale or other disposition of the CRT term interest is part of a transaction in which all interests in the

CRT are transferred. In these cases, these final regulations provide that the basis of a term interest of a taxable beneficiary is the portion of the adjusted uniform basis assignable to that interest reduced by the portion of the sum of the following amounts assignable to that interest: (1) The amount of undistributed net ordinary income described in section 664(b)(1); and (2) the amount of undistributed net capital gain described in section 664(b)(2). These final regulations do not affect the CRT's basis in its assets but rather are for the purpose of determining a taxable beneficiary's gain arising from a transaction described in section 1001(e)(3). The rules in these final regulations are limited in application to charitable remainder annuity trusts and charitable remainder unitrusts as defined in section 664.

Effect on Other Documents

Notice 2008-99 provides that, when the Treasury Department and the IRS have gathered enough information to make an informed decision as to whether this transaction is a tax avoidance type of transaction, the Treasury Department and the IRS may take one or more actions, including removing the transaction from the transactions of interest category in published guidance, designating the transaction as a listed transaction, or providing a new category of reportable transaction. Because the Treasury Department and the IRS believe that these final regulations address the proper tax treatment of the transaction described in Notice 2008-99,
