

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA–2023–2099; Airspace
Docket No. 23–AWP–31]

RIN 2120–AA66

**Modification of Class D Airspace &
Establishment of Class E Airspace;
Camp Pohakuloa, HI**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to modify the Class D airspace and establish Class E airspace extending upward from 700 feet above the surface at Bradshaw Army Airfield, Camp Pohakuloa, HI. Additionally, this action proposes administrative amendments to update the airport's Class D airspace legal description. These actions would support the safety and management of instrument flight rules (IFR) and visual flight rules (VFR) operations at the airport.

DATES: Comments must be received on or before January 8, 2024.

ADDRESSES: Send comments identified by FAA Docket No. FAA–2023–2099 and Airspace Docket No. 23–AWP–31 using any of the following methods:

* *Federal eRulemaking Portal:* Go to www.regulations.gov and follow the online instructions for sending your comments electronically.

* *Mail:* Send comments to Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

* *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

* *Fax:* Fax comments to Docket Operations at (202) 493–2251.

Docket: Background documents or comments received may be read at www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FAA Order JO 7400.11H, Airspace Designations and Reporting Points, and

subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

FOR FURTHER INFORMATION CONTACT:

Nathan A. Chaffman, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198; telephone (206) 231–3460.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify Class D airspace and establish Class E airspace to support IFR and VFR operations at Bradshaw Army Airfield, Camp Pohakuloa, HI.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the

comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Operations office (see **ADDRESSES** section for address, phone number, and hours of operations). An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198.

Incorporation by Reference

Class D and E5 airspace designations are published in paragraphs 5000 and 6005, respectively, of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11H, dated August 11, 2023 and effective September 15, 2023. These updates would be published in the next update to FAA Order JO 7400.11. That order is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11H lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 that would modify the Class D airspace and establish Class E airspace extending upward from 700 feet above the surface at Bradshaw Army Airfield, Camp Pohakuloa, HI.

The Class D surface area does not sufficiently contain IFR arrival

operations between the surface and 1,000 feet above the surface on the Area Navigation (RNAV) (Global Positioning System [GPS]) Runway (RWY) 9 approach. A northwest extension to the Class D lateral boundary should be added to appropriately contain the point at which an arriving aircraft is expected to descend to below 1,000 feet above the surface during the procedure.

The Class D surface area does not sufficiently contain IFR departure operations between the surface and the base of adjacent controlled airspace when departing on the RWY 9 obstacle departure procedure (ODP). A southwest extension to the Class D lateral boundary should be added to appropriately contain departing aircraft until reaching the next adjacent airspace.

Restricted Area-3103 overlaps the Class D and proposed Class E airspace. Verbiage should be added to the Class D legal description to exclude the airspace when it is active.

Class E airspace extending upward from 700 feet above the surface does not exist at the airport but must be established to accommodate transitioning aircraft to/from the terminal or enroute environment by containing arriving IFR operations below 1,500 feet above the surface and departing IFR operations until they reach 1,200 feet above the surface. Class E airspace extending upward from 700 feet above the surface should be established within a 6-mile radius of the airport with a westward extension to appropriately contain IFR operations at the airport.

Finally, the FAA proposes administrative modifications to the airport's legal description. The city name on line one of the Class D legal description text header should be updated to read "Camp Pohakuloa" to match the FAA's database. The airport name on line two of the Class D legal description text header should be updated to read "Bradshaw Army Airfield, HI" to match the FAA's database. The geographic coordinates located on line three of the Class D legal description text header should be updated to match the FAA's database. The Class D legal description should be updated to replace the outdated use of the phrases "Notice to Airmen" and "Airport/Facility Directory." These phrases should read "Notice to Air Missions" and "Chart Supplement," respectively, to align with the FAA's current nomenclature.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an

established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11H, Airspace Designations and Reporting Points, dated August 11, 2023, and effective September 15, 2023, is amended as follows:

Paragraph 5000 Class D Airspace.

* * * * *

AWP HI D Camp Pohakuloa, HI [Amended]

Bradshaw Army Airfield, HI
(Lat. 19°45'36" N, long. 155°33'14" W)

That airspace extending upward from the surface to and including 8,700 feet MSL within a 4.3-mile radius of the airfield, within 2.5 miles each side of the airfield's 116° bearing extending from the 4.3-mile radius to 5.9 miles southeast of the airfield, and within 0.7 miles north and 1.4 miles

south of the airfield's 299° bearing extending from the 4.3-mile radius to 4.9 miles northwest of the airfield, excluding that airspace within restricted area R-3103 when active. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective date and time will thereafter be continuously published in the Chart Supplement.

* * * * *

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AWP HI E5 Camp Pohakuloa, HI [New]

Bradshaw Army Airfield, HI
(Lat. 19°45'36" N, long. 155°33'14" W)

That airspace extending upward from 700 feet above the surface within a 6-mile radius of the airfield and within 2.6 miles north and 1.8 miles south of the airfield's 281° bearing extending from the 6-mile radius to 6.3 miles west of the airfield, excluding that airspace within restricted area R-3103 when active.

* * * * *

Issued in Des Moines, Washington, on November 16, 2023.

B.G. Chew,

*Group Manager, Operations Support Group,
Western Service Center.*

RIN 2120–AA66

Revocation of Colored Federal Airways Amber 3 (A–3), Amber 17 (A–17), and Gold 16 (G–16) in Alaska

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to revoke Colored Federal airways A–3, A–17, and G–16 in Alaska due to the pending decommissioning of the Put River, Evansville, Chandalar Lake, Nuiqsut Village, Browerville, and Wainwright Village Nondirectional Radio Beacons (NDB).

DATES: Comments must be received on or before January 8, 2024.

ADDRESSES: Send comments identified by FAA Docket No. FAA–2023–2189 and Airspace Docket No. 22–AAL–43 using any of the following methods:
