

plan that effectively meets their needs and those of RUP applicators in Indian country. EPA Region 8 also held three formal consultations with the Tribes in EPA Region 8. In addition to the consultations dedicated specifically to this EPA plan, EPA has also worked closely with the TPPC while developing this EPA plan.

EPA developed the Federal plan in consultation with Tribes consistent with, among other things, the following policies, orders, and guidance: "EPA Policy for the Administration of Environmental Programs on Indian Reservations," November 8, 1984; "Guidance on the Enforcement Principles Outlined in the 1984 Indian Policy," January 17, 2001; Executive Order 13175, "Consultation and Coordination With Indian Tribal Governments," November 6, 2000, which was reaffirmed by Presidential memorandum, "Tribal Consultation," November 5, 2009; and the "EPA Policy on Consultation and Coordination With Indian Tribes," May 4, 2011.

VIII. Paperwork Reduction Act

Pursuant to the Paperwork Reduction Act (PRA) (44 U.S.C.3501 *et seq.*), the information collection activities described in this notice and the revised Information Collection Request (ICR), OMB Control No. 2070-0029, were approved by the Office of Management and Budget. As part of this process, EPA proposed to implement a revised form designed specifically for pesticide applicators who wish to be certified in Indian country. EPA estimates the paperwork burden associated with completing this form to be 10 minutes per response. Under PRA, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. The information collection activities and the form are included in a separate docket. See <http://www.regulations.gov>, docket ID number EPA-HQ-OPP-2010-0723.
