BILLING CODE P

ELECTION ASSISTANCE COMMISSION

Sunshine Act Meetings

AGENCY: U.S. Election Assistance Commission.

ACTION: Sunshine Act notice; notice of public meeting agenda.

SUMMARY: Public meeting: U.S. Election Assistance Commission Board of Advisors 2023 annual meeting.

DATES: Tuesday, April 25, 2023, 09:00 a.m.–5:00 p.m. Eastern and Wednesday, April 26, 2023, 8:30 a.m.–11:00 a.m. Eastern.

ADDRESSES: Fairmont Washington, DC Georgetown, 2401 M Street NW, Washington, DC 20037.

FOR FURTHER INFORMATION CONTACT: Kristen Muthig, Telephone: (202) 897-9285, Email: kmuthig@eac.gov.

SUPPLEMENTARY INFORMATION:

Purpose: In accordance with the Government in the Sunshine Act (Sunshine Act), Public Law 94-409, as amended (5 U.S.C. 552b), the U.S. Election Assistance Commission (EAC) will conduct an annual meeting of the EAC Board of Advisors to conduct regular business, discuss EAC updates and upcoming programs, and discuss the Voluntary Voting System Guidelines (VVSG) 2.0 and electronic poll book pilot program.

Agenda: The U.S. Election Assistance Commission (EAC) Board of Advisors will hold their 2023 Annual Meeting primarily to conduct an annual review of the VVSG 2.0 Requirements and implementation, review the status of the EAC's e-poll book pilot program, discuss ongoing EAC programs, discuss threats to election officials and working with local law enforcement, election audits, public records requests, and the impacts of NVRA and HAVA. This meeting will include question and answer discussions between board members and EAC staff.

The Board will also vote to elect three members to Executive Officer positions and consider amendments to the governing Bylaws.

Background: HAVA designates the Board of Advisors to assist EAC in carrying out its mandates under the law. The board consists of 35 members composed of representatives from specified associations, organizations, federal departments, and members of Congress.

The full agenda will be posted in advance on the EAC website: <https://www.eac.gov>.

Status: This meeting will be open to the public.

Camden Kelliher,

Associate Counsel, U.S. Election Assistance Commission.

BILLING CODE P

DEPARTMENT OF ENERGY

[GDO Docket No. EA-336-C]

Application for Renewal of Authorization To Export Electric Energy; ConocoPhillips Company

AGENCY: Grid Deployment Office, Department of Energy.

ACTION: Notice of application.

SUMMARY: ConocoPhillips Company (the Applicant or COP) has applied for renewed authorization to transmit electric energy from the United States to Mexico pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before May 11, 2023.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT: Christina Gomer, (240) 474-2403, electricity.exports@hq.doe.gov.

SUPPLEMENTARY INFORMATION: The U. S. Department of Energy (DOE) regulates electricity exports from the United States to foreign countries in accordance with section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)) and regulations thereunder (10 CFR 205.300 *et seq.*). Sections 301(b) and 402(f) of the DOE Organization Act (42 U.S.C. 7151(b) and 7172(f)) transferred this regulatory authority, previously exercised by the now-defunct Federal Power Commission, to DOE.

Section 202(e) of the FPA provides that an entity which seeks to export

electricity must obtain an order from DOE authorizing that export. (16 U.S.C. 824a(e)). On June 13, 2022, the authority to issue such orders was delegated to the DOE's Grid Deployment Office (GDO) under Delegation Order No. S1-DEL-S3-2022-2 and Redlegation Order No. S3-DEL-GD1-2022.

On April 16, 2013, DOE issued Order No. EA-336-A authorizing COP to transmit electric energy from the United States to Mexico as a power marketer. On May 31, 2018, DOE issued Order No. EA-336-B, renewing COP's authority to transmit electric energy for an additional five-year term. On January 30, 2023, COP filed an application with DOE (Application or App) for renewal of their export authority for an additional five-year term. App. at 1.

In its Application, COP states that it “does not own or operate electric a [sic] transmission or distribution system, and does not have a franchised service area” and is “engaged in, among other things, the marketing of electric power at wholesale in various markets throughout the United States.” *Id.* at 2. COP represents that “the electric power that COP will export, on either a firm or interruptible basis, will be purchased from others voluntarily and will therefore be surplus to the needs of the selling entities” and thus, “will not impair the sufficiency of the electric power supply within the United States.” *Id.* at 6.

The existing international transmission facilities to be utilized by the Applicant have been previously authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties. *See App* at Exhibit C.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at the address provided previously. Protests should be filed in accordance with Rule 211 of FERC's Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the previous address in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning COP's Application should be clearly marked with GDO Docket No. EA-336-C. Additional copies are to be provided directly to Mark R. Haskell and Lamiya Rahman, Blank Rome LLP, 1825 Eye Street NW, Washington, DC 20006, mark.haskell@blankrome.com and lamiya.rahman@blankrome.com and Casey P. McFaden, Senior Counsel—ConocoPhillips Company and Robert F. Bonner, Director, Commercial

Compliance, Reporting & Policy—ConocoPhillips Company, 925 N Eldridge Parkway, Houston, TX 77079, casey.p.mdfaden@conocophillips.com and Robert.f.bonner@conocophillips.com.

A final decision will be made on the requested authorization after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE evaluates whether the proposed action will have an adverse impact on the sufficiency of supply or reliability of the United States electric power supply system.

Copies of this Application will be made available on the program website at <https://www.energy.gov/gdo/pending-applications> or, upon request, by emailing Electricity.Exports@hq.doe.gov.

Signing Authority: This document of the Department of Energy was signed on April 5, 2023, by Maria Robinson, Director, Grid Deployment Office, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on April 6, 2023.

Treene V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

[GDO Docket No. EA-445-A]

Application for Renewal of Authorization To Export Electric Energy; Emera Energy Services Subsidiary No. 10 LLC

AGENCY: Grid Deployment Office, Department of Energy.

ACTION: Notice of application.

SUMMARY: Emera Energy Services Subsidiary No. 10 LLC (the Applicant or EESS-10) has applied for renewed authorization to transmit electric energy from the United States to Canada pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before May 11, 2023.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT: Christina Gomer, (240) 474-2403, electricity.exports@hq.doe.gov.

SUPPLEMENTARY INFORMATION: The U.S. Department of Energy (DOE) regulates electricity exports from the United States to foreign countries in accordance with section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)) and regulations thereunder (10 CFR 205.300 *et seq.*). Sections 301(b) and 402(f) of the DOE Organization Act (42 U.S.C. 7151(b) and 7172(f)) transferred this regulatory authority, previously exercised by the now-defunct Federal Power Commission, to DOE.

Section 202(e) of the FPA provides that an entity which seeks to export electricity must obtain an order from DOE authorizing that export. (16 U.S.C. 824a(e)). On June 13, 2022, the authority to issue such orders was delegated to the DOE's Grid Deployment Office (GDO) under Delegation Order No. S1-DEL-S3-2022-2 and Redelelegation Order No. S3-DEL-GD1-2022.

On June 22, 2018, DOE issued Order No. EA-445 authorizing EESS-10 to transmit electric energy from the United States to Canada as a power marketer. On February 7, 2023, EESS-10 filed an application with DOE (Application or App) for renewal of their export authority for an additional five-year term. App at 1.

In its Application, EESS-10 states that it "does not own or control any electric power generation or transmission facilities and does not have a franchised electric power service area." App at 5. EESS-10 also states it "operates as a marketing company involved in, among other things, the purchase and sale of electricity in the United States as a power marketer." *Id.* EESS-10 represents that it "will purchase surplus electric energy from electric utilities and other suppliers within the United States and will export this energy to Canada over the international electric transmission facilities." *Id.* at 6. Therefore, the Applicant contends that "because this electric energy will be purchased from others voluntarily, it will be surplus to the needs of the selling entities." *Id.* EESS-10's further contends its "export of power will not impair the sufficiency of electric power supply in the U.S." *Id.*

The existing international transmission facilities to be utilized by the Applicant have been previously authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties. See App at Exhibit C.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at the address provided previously. Protests should be filed in accordance with Rule 211 of FERC's Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the previous address in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning EESS-10's Application should be clearly marked with GDO Docket No. EA-445-A. Additional copies are to be provided directly to Keith Sutherland, Vice President, Legal & Regulatory Affairs—Emera Energy, 5151 Terminal Road, Halifax, NS B3J 1A1 Canada, keith.sutherland@emeraenergy.com and Bonnie A. Suchman, Suchman Law LLC, 8104 Paisley Place, Potomac, Maryland 20854, bonnie@suchmanlawllc.com.

A final decision will be made on the requested authorization after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE evaluates whether the proposed action will have an adverse impact on the sufficiency of supply or reliability of the United States electric power supply system.

Copies of this Application will be made available on the program website at <https://www.energy.gov/gdo/pending-applications> or, upon request, by emailing Electricity.Exports@hq.doe.gov.
