Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

AGENCY: Import Administration, International Trade Administration, Department of Commerce

DATES: *Effective Date:* March 22, 2013.

SUPPLEMENTARY INFORMATION:

Background

On April 9, 2010, the Department of Commerce (the Department) published the final results of its administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico. The period of review (POR) is November 1, 2007, through October 31, 2008.¹

In the *Final Results*, the Department assigned to Mueller Comercial de Mexico, S. de R.L. de C.V. (Mueller), an exporter of certain circular welded non-alloy steel pipe from Mexico to the United States, an adverse facts available (AFA) rate of 48.33 percent. The application of AFA was necessitated by Mueller's failure to cooperate with the Department and impeding this administrative review by ignoring multiple requests for information.

Following the publication of the final results, Mueller filed a lawsuit with the United States Court of International Trade (CIT) challenging the Department's final results of administrative review.² The Court remanded this matter to the Department ordering that the Department "shall reconsider its determination not to apply the 'all others' rate to Mueller's entries." See the Opinion at 23. The Department complied with the Court order and reconsidered its

determination not to apply the "all others" rate to a non-cooperating respondent. In the Final Results of Redetermination Pursuant to Court Remand, for the reasons set forth in the review, the Department found the "all others" rate was not sufficient to deter non-compliance by Mueller.³

The United States and Mueller have now entered into an agreement to settle this dispute. The Court issued its Order of Judgment by Stipulation on February 27, 2013. Pursuant to the Court's Order of Judgment by Stipulation, the Department will order liquidation of the unliquidated entries of certain circular welded non-alloy steel pipe from Mexico, produced and/or exported by Mueller Comercial de Mexico, S. de R.L. de C.V., and entered or withdrawn from warehouse, for consumption in the United States, from November 1, 2007 through October 31, 2008, at the rate of 40.475 percent agreed to by the parties.

We are issuing this determination and publishing these final results of antidumping duty administrative review pursuant to settlement and notice in accordance with 19 U.S.C. 1516a(e).
