

### C. Conclusion

Therefore, an exemption from the requirement of a tolerance is established for residues of *Bacillus paralicheniformis* strain CH2970 in or on all food commodities when used in accordance with label directions and good agricultural practices.

### IV. Statutory and Executive Order Reviews

This action establishes a tolerance exemption under FFDCA section 408(d) in response to a petition submitted to EPA. The Office of Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled “Regulatory Planning and Review” (58 FR 51735, October 4, 1993). Because this action has been exempted from review under Executive Order 12866, this action is not subject to Executive Order 13211, entitled “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001), or Executive Order 13045, entitled “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997). This action does not contain any information collections subject to OMB approval under the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*, nor does it require any special considerations under Executive Order 12898, entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” (59 FR 7629, February 16, 1994).

Since tolerances and exemptions that are established on the basis of a petition under FFDCA section 408(d), such as the tolerance exemption in this action, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

This action directly regulates growers, food processors, food handlers, and food retailers, not States or Tribes. As a result, this action does not alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4). As such, EPA has determined that this action will not have a substantial direct effect on States or Tribal Governments, on the relationship between the National Government and the States or Tribal Governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian Tribes. Thus, EPA has determined that Executive Order 13132, entitled

“Federalism” (64 FR 43255, August 10, 1999), and Executive Order 13175, entitled “Consultation and Coordination with Indian Tribal Governments” (65 FR 67249, November 9, 2000), do not apply to this action. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act (2 U.S.C. 1501 *et seq.*).

This action does not involve any technical standards that would require EPA’s consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act (15 U.S.C. 272 note).

### V. Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 64

[WC Docket No. 12–375, FCC 21–60; FR ID 70815]

### Rates for Interstate Inmate Calling Services

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; announcement of effective date.

**SUMMARY:** In this document, the Federal Communications Commission (Commission) announces that the Office of Management and Budget (OMB) has approved, for a period of three years, an information collection associated with the Commission’s *2021 Inmate Calling Services (ICS) Order*, FCC 21–60, in which the Commission, among other actions, expanded its consumer disclosure requirements and added new requirements for providers of calling services for incarcerated people (calling services) that seek waiver of the Commission’s interstate and international rate caps. The Commission also required that calling services providers separately disclose, in connection with international calling services rates, the rate component for terminating calls to each country where that provider terminates international calls. This document is consistent with the *2021 ICS Order*, which stated that the Commission would publish a document in the **Federal Register** announcing the effective date of these rules.

**DATES:** The amendments to 47 CFR 64.6110 and the addition of 47 CFR 64.6120, published July 28, 2021 (86 FR 40682), and delayed indefinitely, are effective on February 11, 2022. This rule is effective February 11, 2022.

**FOR FURTHER INFORMATION CONTACT:** Erik Raven-Hansen, Pricing Policy Division, Wireline Competition Bureau, (202) 418–1532, or email [erik.raven-hansen@fcc.gov](mailto:erik.raven-hansen@fcc.gov).

**SUPPLEMENTARY INFORMATION:** This document announces that, on January 24, 2022, OMB approved, for a period of three years, the information collection requirements relating to §§ 64.6110 and 64.6120 of the Commission’s rules, as contained in the Commission’s *2021 ICS Order*, FCC 21–60, published at 86 FR 40682 on July 28, 2021. The OMB Control Number is 3060–1222. The Commission publishes this document as an announcement of the effective date of the rules.

In the *2021 ICS Order*, the Commission directed that § 64.6110 be

revised and § 64.6120 be added to reflect OMB's approval once that approval was received. We therefore revise §§ 64.6110 and 64.6120, previously published at 86 FR 40682, and delayed indefinitely, to remove §§ 64.6110(d) and 64.6120(d), both of which state that providers would be required to comply with the information requirements immediately upon publication by the Commission of a document in the **Federal Register** announcing OMB approval.

If you have any comments on the burden estimates listed below, or how the Commission can improve the collections and reduce any burdens caused thereby, please contact Nicole Ongele, Federal Communications Commission, 45 L Street NE, Washington, DC 20002. Please include the OMB Control Number, 3060–1222, in your correspondence. The Commission will also accept your comments via email at [PRA@fcc.gov](mailto:PRA@fcc.gov).

### Federal Motor Vehicle Safety Standards; Compressed Natural Gas Fuel Container Integrity

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the visual inspection labeling requirement in Federal Motor Vehicle Safety Standard (FMVSS) No. 304, “Compressed natural gas fuel container integrity,” by modifying the periodic inspection interval for compressed natural gas (CNG) fuel containers installed on vehicles with a gross vehicle weight rating (GVWR) greater than 4,536 kilograms (10,000 pounds). The inspection interval for these vehicles is modified from the currently-specified interval, “at least every 36 months or 36,000 miles, whichever comes first,” to “at least every 12 months.” For commercial operators of CNG heavy vehicles that often travel 100,000 miles per year or more, this change will eliminate the need to
