Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

Collection title: Ongoing Intermittent Survey of Households.

Collection identifier: FR 3016.

OMB control number: 7100-0150.

General description of collection: The Ongoing Intermittent Survey of Households, the FR 3016, is a voluntary survey used to study consumer financial decisions, attitudes, and payment behavior.

Proposed revisions: The Board has a contract with the University of Michigan's Survey Research Center (SRC) to include survey questions on behalf of the Board in an addendum to the SRC's regular monthly Survey of Consumer Attitudes and Expectations. The FR 3016 is the portion of that survey that includes Board questions. The full SRC survey averages approximately 25 to 30 minutes per month per respondent, and the Board proposes to add one to two new Board-developed questions to its portion of the survey. The additional questions are expected to change based on Board requirements and the economic conditions at the time of survey fielding, but can include questions about an individual's opinion on such matters as financing needs, or other aspects of consumer financial behavior. The survey results will help the Board to broaden its monitoring of changes in current financing conditions on household spending and other financial outcomes.

The Board estimates that as a result of the new questions, the monthly average minutes per response will increase from 1.6 to 1.65, or 19.8 minutes annually. This is an increase of 0.05 minutes monthly, or 0.6 minutes annually. Additional burden is also being added to the collection to reflect the pretesting of the new survey component questions with a small number of respondents.

Frequency: Monthly.

Respondents: Individuals.

Total estimated number of respondents: 600.

Total estimated change in burden hours: 39.

Total estimated annual burden hours: 199.¹

Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

Collection title: Joint Statement for Assessing the Diversity Policies and Practices of Entities Regulated by the Agencies.

Collection identifier: FR 2100.

OMB control number: 7100-0368.

General description of collection: The Joint Statement for Assessing the Diversity Policies and Practices of Entities Regulated by the Agencies was published jointly in 2015 by the Board, Office of the Comptroller of the Currency, Federal Deposit Insurance Corporation, National Credit Union Administration, Consumer Financial Protection Bureau, and Securities and Exchange Commission. Standards in the statement encourage a regulated entity, in a manner reflective of its size and other characteristics, to voluntarily conduct a self-assessment of its diversity policies and practices and to report information pertaining to its self-assessment to the Office of Minority and Women Inclusion of its primary federal financial regulator, as well as to publish information pertaining to its efforts with respect to the standards. The Board has developed a voluntary reporting template entitled "Diversity Self-Assessment Template" for use by institutions regulated by the Board to facilitate the provision of self-assessment information.

Proposed revisions: The Board proposes to revise the FR 2100 by adding a field to the reporting template that identifies institutions and reformatting the reporting template's table identifying workforce numbers. The Board proposes to make these revisions effective August 2023.

Frequency: Annually.

Respondents: All financial institutions for which the Federal Reserve is the primary federal financial regulator.

Total estimated number of respondents: 156.

Total estimated change in burden hours: The estimated annual burden would remain unchanged.
