

To deregister an establishment from other software applications:

- Create an establishment deregistration SPL document.
- Fill in the SetID with the SetID from your previously accepted version.
- Enter the appropriate effective date and version number (generally, one number higher than the previous submission).
- Submit.

To delist a product using CDER Direct:

- Log into your account and open the previously accepted version of drug listing submission.
- Click on CREATE NEW VERSION.

This will create a copy of the file, keeping the same SetID, but generate a new RootID, Version Number, and Effective date.

- Click on the product to edit the Product Data Elements. Change the Marketing Status from “ACTIVE” to “COMPLETED” and enter a Marketing End Date no later than March 31, 2022.
- Save changes and click SUBMIT SPL.

To delist a product from other software applications:

- Open the previously accepted version of drug listing submission.
- Create a new version with the same SetID from your previous submission, but generate a new RootID.
- Enter the appropriate effective date and version number (generally, one number higher than the previous submission).
- Edit the product data elements.

Change the Marketing Status from “ACTIVE” to “COMPLETED” and enter a Marketing End Date no later than March 31, 2022.

- Save and Submit.

To request additional assistance with deregistration and delisting, please contact edrls@fda.hhs.gov.

II. Withdrawal Date

The withdrawal date for the three guidance documents discussed in this document is December 31, 2021. Accordingly, firms manufacturing alcohol under the temporary policies for use in alcohol-based hand sanitizers and firms and compounders preparing alcohol-based hand sanitizers under the temporary policies must cease production of these products by December 31, 2021. In addition, firms must by March 31, 2022, cease distribution of any remaining hand sanitizer products that were prepared under the temporary policies before or on December 31, 2021. After March 31, 2022, FDA intends to cease its temporary policy of not taking action with regard to distribution of hand

sanitizers or alcohol for use in alcohol-based hand sanitizers prepared consistent with the circumstances described in the withdrawn guidance documents. The COVID-19 pandemic is a constantly evolving situation. FDA continues to assess these circumstances and should the current data change to indicate that hand sanitizer demand has again outstripped supply prior to December 31, 2021, FDA may alter these dates. However, firms should assume these dates will not change and prepare accordingly for cessation of manufacture and distribution of these products.
