subsistence harvests of northern fur seals by Alaska Natives who reside on the Pribilof Islands (Pribilovians) under 50 CFR 216 subpart F.

The estimates of the number of fur seals necessary to satisfy the subsistence requirements of the Pribilovians to comply with 50 CFR 216.672(b) are derived from historic harvest levels reported by, and in direct consultation with, the Tribal Governments of St. Paul and St. George Islands in Alaska and their respective local Native corporations (Tanadgusix and Tanaq).

### II. Method of Collection

Reports may be submitted via mail or email.

### III. Data

OMB Control Number: 0648–0699. Form Number(s): None.

Type of Review: Regular submission (extension of a currently approved information collection).

Affected Public: Individuals or households; state, local or tribal government.

Estimated Number of Respondents: 2. Estimated Time per Response: 20 hours.

Estimated Total Annual Burden Hours: 40.

Estimated Total Annual Cost to Public: \$8 in recordkeeping/reporting costs.

## **IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 8, 2017.

## DEPARTMENT OF COMMERCE

## National Oceanic and Atmospheric Administration

RIN 0648-XF664

## Marine Mammals; File No. 21422

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; receipt of application.

**SUMMARY:** Notice is hereby given that James Lloyd-Smith, Ph.D., Department of Ecology and Evolutionary Biology University of California, Los Angeles Los Angeles, CA 90095, has applied in due form for a permit to conduct research on marine mammals.

**DATES:** Written, telefaxed, or email comments must be received on or before October 13, 2017.

**ADDRESSES:** The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <a href="https://apps.nmfs.noaa.gov">https://apps.nmfs.noaa.gov</a>, and then selecting File No. 21422 from the list of available applications.

These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427–8401; fax (301) 713–0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713–0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

**FOR FURTHER INFORMATION CONTACT:** Shasta McClenahan or Sara Young, (301) 427–8401.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216) and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant requests a five year research permit to take California sea lions (CSL; Zalophus californianus) to study the disease ecology of Leptospira in the pinniped populations along the west coast of the United States. Up to 460 non-pup CSL may be captured and sampled annually at several sites in California, Oregon, and Washington. During capture animals may be restrained and receive anesthesia, biological sampling (blood, urine, feces, vibrissae, hair and nail clip, and mucus membrane swabs), length and weight measurements, and external tags. An additional 60 non-target CSL, including large pups, may be incidentally captured and restrained to determine age and sex, but would be released without sampling. If opportunistically encountered during sampling, up to 30 entangled CSL may be captured for disentanglement, and up 100 dead stranded CSL may be necropsied, annually. Up to 8 CSL may be taken by unintentional mortality during the requested five year permit. An additional 20,000 CSL, 5,000 Northern elephant seals (Mirounga angustirostris), 500 Northern fur seals (Callorhinus ursinus), 100 harbor seals (Phoca vitulina), and 50 non-listed Steller sea lions (Eumetopias jubatus) may be disturbed incidentally to capture activities.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: September 7, 2017.

## **DEPARTMENT OF ENERGY**

[OE Docket No. EA-439]

## Application To Export Electric Energy; J. Aron & Company LLC

**AGENCY:** Office of Electricity Delivery and Energy Reliability, DOE. **ACTION:** Notice of application.

**SUMMARY:** J. Aron & Company LLC (Applicant) has applied for authority to transmit electric energy from the United States to Mexico pursuant to the Federal Power Act.

**DATES:** Comments, protests, or motions to intervene must be submitted on or before October 13, 2017.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed to: Office of Electricity Delivery and Energy Reliability, Mail Code: OE–20, U.S. Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585–0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Electricity.Exports@ hq.doe.gov, or by facsimile to 202–586–8008

**SUPPLEMENTARY INFORMATION:** Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On August 17, 2017, DOE received an application from the Applicant for authority to transmit electric energy from the United States to Mexico as a power marketer for a five-year term

using existing international transmission facilities.

In its application, the Applicant states that it does not own or control any electric generation or transmission facilities, and it does not have a franchised service area. The electric energy that the Applicant proposes to export to Mexico would be surplus energy purchased from third parties such as electric utilities and Federal power marketing agencies pursuant to voluntary agreements. The existing international transmission facilities to be utilized by the Applicant have previously been authorized by Presidential Permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

PROCEDURAL MATTERS: Any person desiring to be heard in this proceeding should file a comment or protest to the application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission's (FERC) Rules of Practice and Procedures (18 CFR 385.211). Any person desiring to become a party to these proceedings should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214). Five copies of such comments, protests, or motions to intervene should be sent to the address provided above on or before the date listed above.

Comments and other filings concerning the Applicant's application to export electric energy to Mexico should be clearly marked with OE Docket No. EA–439. An additional copy is to be provided to both Kelly Brooks, J. Aron & Company LLC, 200 West Street, 6th Floor, New York, NY 10282 and Ricardo Alicea, J. Aron & Company LLC, 200 West Street, 15th Floor, New York, NY 10282.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE's National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at <a href="http://energy.gov/node/11845">http://energy.gov/node/11845</a>, or by emailing Angela Troy at <a href="mailto:Angela.Troy@hq.doe.gov">Angela.Troy@hq.doe.gov</a>.

Issued in Washington, DC, on September 5, 2017.
