TABLE 1—RECIPIENT(S) AND AWARD AMOUNT(S)

Grant No.	Award recipient name	City, state	Award amount
U2DMC32394	ZERO TO THREE National Center for Infant, Toddler and Families, Inc.	Washington, DC	\$1,750,000

Justification: In FY 2022, under the authority for Special Projects of Regional and National Significance (SPRANS) (42 U.S.C. 701(a)(2) (Title V, § 501(a)(2) of the Social Security Act)), HRSA awarded the ITCP National Resource Center to ZERO TO THREE National Center for Infant, Toddler and Families, Inc (HRSA–22–074). This award included expectations for the recipient to provide TA to the ITCP (HRSA–22–073) recipients and support the nationwide implementation and sustainability of the evidence-based ITC approach.

A Congressional Report accompanying the Further Consolidated Appropriations Act, 2024 (Pub. L. 118–47) included funding to “to continue and expand research-based Infant-Toddler Court Teams to change child welfare practices to improve wellbeing for infants, toddlers, and their families,” (Senate Report 118–84). In addition, the Joint Explanatory Statement accompanying the FY 2024 appropriations act directed HRSA to “allocate funding to ensure continuation of existing grantees, technical assistance, and other activities.” In FY 2024, HRSA provided a supplement of \$1,750,000 in SPRANS to the NRC Program recipient to continue work initiated in FY 2023 (with an increased SPRANS appropriation), to expand TA to ITC teams, provide financial and technical support to local infant-toddler court sites that previously received funding under HRSA–18–123, and advance national-level reach and impact of the program.

Consistent with previous Congressional intent, HRSA, through its Maternal and Child Health Bureau, will provide a supplement of \$1,750,000 in SPRANS funding to the ITCP NRC Program recipient to continue to provide subawards and technical assistance to ITC teams, expand technical assistance to ITC teams

funded under HRSA–22–073/074 and advance the reach and impact of the program.

This supplement will improve access to evidence-based child welfare practices and improve the early developmental health and well-being of infants, toddlers, and their families. Supplemental funding for similar activities may be considered in future years, subject to the availability of funding for the activity and satisfactory performance.

Need and Proposed Use of the Information: The SDS Program Specific Form seeks to assist HRSA in assessing applicants for the SDS Program, which makes grant awards to eligible schools to provide scholarships to full-time, financially needy students from disadvantaged backgrounds enrolled in health professions programs. Additionally, to successfully make awards, the Secretary of Health and Human Services shall give priority to eligible entities based on proportions of students/graduates in accordance with section 737(c) of the Public Health Service Act (42 U.S.C. 293a(c)). This form will be used to collect 3 years of student and participant data from SDS program applicants and does not include substantive changes.
