Steel Propane Cylinders From the People's Republic of China: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 19, 2021, the Department of Commerce (Commerce) published the initiation and preliminary results of a changed circumstances review (CCR) of the antidumping duty (AD) order on steel propane cylinders from the People's Republic of China (China). For these final results, Commerce continues to find that Yi Jun Hong Kong Limited (Yi Jun) is the successor-in-interest to Hong Kong GSBF Company Limited (GSBF) and should be assigned the same AD cash deposit rates for purposes of determining AD liability.

DATES: Applicable January 4, 2022.

FOR FURTHER INFORMATION CONTACT: Katherine Sliney, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2437.

SUPPLEMENTARY INFORMATION:

Background

On September 30, 2021, Yi Jun requested that, pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.216, and 19 CFR 351.221(c)(3), Commerce conduct a CCR of the *Order*¹ to confirm that Yi Jun is the successor-in-interest to GSBF, and to assign it the cash deposit rate of GSBF.² In its submission, Yi Jun states that it underwent a name change, but otherwise was unchanged.³

On November 19, 2021, Commerce initiated a CCR and preliminarily determined that Yi Jun is the successor-in-interest to GSBF.⁴ In the *Initiation and Preliminary Results CCR*, we provided all interested parties with an opportunity to comment.⁵ However, we received no comments.

Scope of the Order

The merchandise subject to the *Order* is steel cylinders for compressed or liquefied propane or other gases (steel propane cylinders). The merchandise subject to the *Order* is properly classified under statistical reporting numbers 7311.00.0060 and 7311.00.0090 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS statistical reporting numbers are provided for convenience and customs purposes, the written description of the merchandise is dispositive.⁶

Final Results of Changed Circumstances Review

For the reasons stated in the *Initiation and Preliminary Results CCR*, Commerce continues to find that Yi Jun is the successor-in-interest to GSBF. As a result of this determination and consistent with established practice, we find that Yi Jun should receive the cash deposit rate previously assigned to GSBF. Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise

1,1,1,2-Tetrafluoroethane (R-134a) From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2020–2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that the sole company subject to this administrative review is part of the China-wide entity because it did not file a separate rate application (SRA). The period of review (POR) is April 1, 2020, through March 31, 2021. We invite interested parties to comment on these preliminary results.

DATES: Applicable January 4, 2022.

FOR FURTHER INFORMATION CONTACT: Brendan Quinn, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5848.

SUPPLEMENTARY INFORMATION:

Background

On April 1, 2021, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on 1,1,1,2-

Tetrafluoroethane (R-134a) from the People's Republic of China (China).¹ In response, on April 30, 2021, the American HFC Coalition and its individual members² (the petitioners) requested a review of one company, Puremann, Inc. (Puremann).³ Commerce initiated a review of this company on June 11, 2021.⁴ The deadline for interested parties to submit an SRA or separate rate certification (SRC) was July 11, 2021.⁵ No party submitted an SRA or an SRC. On June 29, 2021, the petitioners submitted initial comments on the record of this review.⁶ On August 16, 2021, Commerce placed U.S. Customs and Border Protection (CBP) data on the record of this review demonstrating that there were no entries of subject merchandise during the POR.⁷ The petitioners submitted rebuttal comments on the CBP data on September 2, 2021, and supplemental comments on September 23, 2021.⁸ The deadline for the preliminary results of this review is January 3, 2022.

Scope of the Order

The merchandise covered by the order is 1,1,1,2-Tetrafluoroethane, R-134a, or its chemical equivalent, regardless of form, type, or purity level. The chemical formula for 1,1,1,2-Tetrafluoroethane is $\text{CF}_3\text{-CH}_2\text{F}$, and the Chemical Abstracts Service registry number is CAS 811-97-2.⁹

⁹ 1,1,1,2-Tetrafluoroethane is sold under a number of trade names including Klea 134a and

Merchandise subject to the order is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2903.39.2020. Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213.

Preliminary Results of Review

Puremann, the sole company subject to this review, did not file an SRA, nor a claim that it did not ship subject merchandise during the POR. Thus, Commerce preliminarily determines that this company has not demonstrated its eligibility for separate rate status. As such, Commerce preliminarily determines that the company subject to this review is part of the China-wide entity. In addition, Commerce no longer considers the non-market economy (NME) entity as an exporter conditionally subject to an antidumping duty administrative review.¹⁰ Accordingly, the NME entity will not be under review unless Commerce specifically receives a request for, or self-initiates, a review of the NME entity. In this administrative review, no party requested a review of the China-wide entity. Moreover, we have not self-initiated a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity's entries are not subject to the review, and the rate applicable to the NME entity is not subject to change as a result of this review. The China-wide entity rate is 167.02 percent.¹¹

Public Comment

Interested parties are invited to comment on the preliminary results and may submit case briefs and/or written comments, filed electronically via Enforcement and Compliance's

Generically, 1,1,1,2-Tetrafluoroethane has been sold as Fluorocarbon 134a, R-134a, HFC-134a, HF A-134a, Refrigerant 134a, and UN3159.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to Commerce within 30 days of the date of publication of this notice.¹⁶ Requests should contain: (1) The party's name, address, the telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held.¹⁷ Commerce intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, unless extended, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results of this review, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.¹⁸ We intend to instruct CBP to liquidate entries containing subject merchandise exported by the company under review that we determine in the final results to be part of the China-wide entity at the China-wide entity rate of 167.02 percent. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of

publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For companies that have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed Chinese or non-Chinese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the China-wide entity (*i.e.*, 167.02 percent); and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 315.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213(h) and 351.221(b)(4).
