Title: Rules and Regulations Implementing the Telephone Consumer Protection Act (TCPA) of 1991, CG Docket No. 02–278.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Individuals or households; Not-for-profit institutions.

Number of Respondents and Responses: 169,369 respondents; 191,628,905 responses.

Estimated Time per Response: .004 hours (15 seconds) to 1 hour.

Frequency of Response: Annual, monthly, on occasion and one-time reporting requirements; Recordkeeping requirement; Third party disclosure requirement.

Total Annual Burden: 3,251,008 hours.

Total Annual Cost: \$1,357,200.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the FCC’s system of records notice (SORN), FCC/CGB–1, “Informal Complaints and Inquiries.” As required by the Privacy Act, 5 U.S.C. 552a, the Commission also published a SORN, FCC/CGB–1 “Informal Complaints, Inquiries, and Requests for Dispute Assistance”, in the **Federal Register** on August 15, 2014 (79 FR 48152) which became effective on September 24, 2014. A system of records for the do-not-call registry was created by the Federal Trade Commission (FTC) under the Privacy Act. The FTC originally published a notice in the **Federal Register** describing the system. See 68 FR 37494, June 24, 2003. The FTC updated its system of records for the do-not-call registry in 2009. See 74 FR 17863, April 17, 2009.

Privacy Impact Assessment: Yes.

Needs and Uses: The reporting requirements included under this OMB Control Number 3060–0519 enable the Commission to gather information regarding violations of section 227 of

the Communications Act, the Do-Not-Call Implementation Act (Do-Not-Call Act), and the Commission’s implementing rules. If the information collection was not conducted, the Commission would be unable to track and enforce violations of section 227 of the Communications Act, the Do-Not-Call Act, or the Commission’s rules. The Commission’s rules provide consumers with several options for avoiding most unwanted telephone solicitations.

The national do-not-call registry supplements the company-specific do-not-call rules for those consumers who wish to request that particular companies not call them. Any company that is asked by a consumer, including an existing customer, not to call again must honor that request for five (5) years. A provision of the Commission’s rules, however, allows consumers to give specific companies permission to call them through an express written agreement. Nonprofit organizations, companies with whom consumers have an established business relationship, and calls to persons with whom the telemarketer has a personal relationship are exempt from the “do-not-call” registry requirements.

On September 21, 2004, the Commission released the Safe Harbor Order, published at 69 FR 60311, October 8, 2004, establishing a limited safe harbor in which persons will not be liable for placing autodialed and prerecorded message calls to numbers ported from a wireline service within the previous 15 days. The Commission also amended its existing National Do-Not-Call Registry safe harbor to require telemarketers to scrub their lists against the Registry every 31 days.

On June 17, 2008, in accordance with the Do-Not-Call Improvement Act of 2007, the Commission revised its rules to minimize the inconvenience to consumers of having to re-register their preferences not to receive telemarketing calls and to further the underlying goal of the National Do-Not-Call Registry to protect consumer privacy rights. The Commission released a Report and Order in CG Docket No. 02–278, FCC 08–147, published at 73 FR 40183, July 14, 2008, amending the Commission’s rules under the TCPA to require sellers and/or telemarketers to honor registrations with the National Do-Not-Call Registry so that registrations will not automatically expire based on the five-year registration period. Specifically, the Commission modified § 64.1200(c)(2) of its rules to require sellers and/or telemarketers to honor numbers registered on the Registry indefinitely or until the number is removed by the database administrator

or the registration is cancelled by the consumer.

On February 15, 2012, the Commission released a Report and Order in CG Docket No. 02–278, FCC 12–21, originally published at 77 FR 34233, June 11, 2012, and later corrected at 77 FR 66935, November 8, 2012, revising its rules to: (1) Require prior express written consent for all autodialed or prerecorded telemarketing calls to wireless numbers and for all prerecorded telemarketing calls to residential lines; (2) eliminate the established business relationship exception to the consent requirement for prerecorded telemarketing calls to residential lines; (3) require telemarketers to include an automated, interactive opt-out mechanism in all prerecorded telemarketing calls to allow consumers more easily to opt out of future robocalls; and (4) require telemarketers to comply with the 3% limit on abandoned calls during each calling campaign, in order to discourage intrusive calling campaigns.

Finally, the Commission also exempted from the TCPA requirements informational artificial or prerecorded voice message calls to residential lines. On December 30, 2020, the Commission released a Report and Order in CG Docket No. 02–278, FCC 20–186, published at 86 FR 11443, February 25, 2021, amending the TCPA exemptions for artificial or prerecorded voice calls made to residential telephone lines so each satisfies the TRACED Act's requirements to identify who can call, who can be called, and any call limits. The Commission adopted limits on the number of calls that can be made under the exemptions for non-commercial calls to a residence; commercial calls to a residence that do not include an advertisement or constitute telemarketing; tax-exempt nonprofit organization calls to a residence; and Health Insurance Portability and Accountability Act (HIPAA)-related calls to a residence. In addition, callers must have mechanisms in place to allow consumers to opt out of any future calls.

This action will empower consumers to further limit the number of unwanted robocalls made under any TCPA exemption.

Federal Communications Commission.

Secretary, Office of the Secretary.
