

Commerce will grant the request unless it finds compelling reasons to deny the request.

On February 10, 2022, Borusan Mannesmann Pipe U.S., Inc., PTC Liberty Tubulars LLC, U.S. Steel Tubular Products, Inc., the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL–CIO, CLC, and Welded Tube USA, Inc. (collectively, the petitioners) submitted a timely request that Commerce postpone the preliminary determinations in these LTFV investigations.² The petitioners stated that they request postponement due to the size and complexity of the investigations, the extensions of time already granted by Commerce to respondents, and the amount of time needed for Commerce to conduct complete and thorough analyses in these investigations, including the issuance and review of additional supplemental questionnaires.³

For the reasons stated above, and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act and 19 CFR 351.205(e), is postponing the deadline for these preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than May 4, 2022. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations in these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

Notification to Interested Parties

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: February 11, 2022.

Certain Aluminum Foil From the People's Republic of China: Amended Final Results of Antidumping Duty Administrative Review, 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is amending the final results of the administrative review of the antidumping duty order on certain aluminum foil from the People's Republic of China (China) to correct ministerial errors. The period of review (POR) is April 1, 2019, through March 31, 2020.

DATES: Applicable February 17, 2022.

FOR FURTHER INFORMATION CONTACT: Scarlet Jaldin or Michael J. Heaney AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4275 or (202) 482–4475, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 7, 2022, Commerce disclosed its calculations for the *Final Results*¹ to interested parties.² On January 12, 2022, the petitioners³ and Jiangsu Zhongji Lamination Materials Co., (HK) Ltd.; Jiangsu Zhongji Lamination Materials Stock Co., Ltd.; Jiangsu Zhongji Lamination Materials Co., Ltd.; and Jiangsu Huafeng Aluminum Industry Co., Ltd. (collectively, Zhongji) submitted allegations of ministerial errors in the *Final Results*.⁴ On January 19, 2022,

² See Memoranda, "2019–2020 Antidumping Administrative Review of Certain Aluminum Foil from the People's Republic of China—Zhongji Analysis for the Final Results," dated December 30, 2021 (Zhongji Final Analysis Memorandum); and "Antidumping Duty Administrative Review of Certain Aluminum Foil from the People's Republic of China: Final Surrogate Value Memorandum," dated December 30, 2021 (Final Surrogate Value Memorandum). Commerce released both the Zhongji Final Analysis Memorandum and the Final Surrogate Value Memorandum to interested parties on January 7, 2022.

³ The petitioners are the Aluminum Association Trade Enforcement Working Group and its individual members.

⁴ See Petitioners' Letter, "2nd Administrative Review of the Antidumping Order on Certain

Zhongji filed rebuttal ministerial error comments.⁵

Legal Framework

Section 751(h) of the Tariff Act of 1930, as amended (the Act), defines a "ministerial error" as including "errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other unintentional error which the administering authority considers ministerial." With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce "will analyze any comments received and, if appropriate, correct any ministerial error by amending . . . the final results of review . . ."

Ministerial Error

Commerce agrees with the petitioners that Commerce made inadvertent, unintentional errors in the *Final Results* within the meaning of section 751(h) of the Act and 19 CFR 351.224(f) with respect to its calculation of financial ratios from the financial statement of Alcomet A.B. used in the calculation of normal value for respondent, Zhongji. Accordingly, Commerce determines that, in accordance with section 751(h) of the Act and 19 CFR 351.224(f), it made ministerial errors in the *Final Results*. However, Commerce determines that it did not make a ministerial error with respect to one of the alleged errors and that correction of the other alleged ministerial error has no effect on the margin.

For a complete discussion of each of the ministerial error allegations, as well as Commerce's analysis, see the accompanying Ministerial Error Memorandum.⁶ The Ministerial Error Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).

ACCESS is available to registered users at <https://access.trade.gov>.

Pursuant to 19 CFR 351.224(e), Commerce is amending the *Final Results* to reflect the correction of a ministerial error in the calculation of the weighted-average dumping margin assigned to Zhongji in the *Final Results*, which changes from 62.02 percent to

63.52 percent. Furthermore, we are revising the review-specific, weighted-average dumping margin applicable to the companies not selected for individual examination in this administrative review, which is based entirely on Zhongji's weighted-average dumping margin.⁷

Amended Final Results

As a result of correcting the ministerial errors, Commerce determines that the following weighted-average dumping margins exist for the period April 1, 2019, through March 31, 2020:

Exporter	Final weighted-average dumping margin (percent)
Jiangsu Zhongji Lamination Materials Co., (HK) Ltd./Jiangsu Zhongji Lamination Materials Stock Co., Ltd./Jiangsu Zhongji Lamination Materials Co., Ltd./Jiangsu Huafeng Aluminum Industry Co., Ltd	63.52
Review-Specific Rate Applicable to the Following Companies	
Alcha International Holdings Limited	63.52
Dingsheng Aluminium Industries (Hong Kong) Trading Co., Limited (a.k.a. Dingsheng Aluminium Industries (Hong Kong) Trading Co., Ltd.)	63.52
Hangzhou Dingsheng Import & Export Co., Ltd. (a.k.a. Hangzhou Dingsheng Import and Export Co., Ltd.)	63.52
Hunan Suntown Marketing Limited	63.52
Suntown Technology Group Corporation Limited (a.k.a. Suntown Technology Group Co., Ltd.)	63.52
Xiamen Xiashun Aluminum Foil Co., Ltd	63.52
Yinbang Clad Materials Co., Ltd	63.52

Disclosure

We intend to disclose the calculations performed to parties in this proceeding within five days after publication of these amended final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these amended final results of review. We intend to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these amended final results. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request

for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where Zhongji reported reliable entered values, we calculated importer- (or customer-) specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer).⁸ Where Commerce calculated a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, Commerce will direct CBP to assess importer- (or customer-) specific assessment rates based on the resulting per-unit rates.⁹ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is greater than *de minimis* (*i.e.*, 0.50 percent), Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁰ Where an importer- (or

customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹¹

For the non-selected respondents that received a separate rate,¹² we will instruct CBP to apply an antidumping duty assessment rate of 63.52 percent to all entries of subject merchandise that entered the United States during the POR. For the companies that we determined had no reviewable entries of the subject merchandise in this review period, any suspended entries that entered under those exporters' case numbers (*i.e.*, at the exporters' rates) will be liquidated at the China-wide rate.¹³ For all other companies, we will instruct CBP to apply the antidumping duty assessment rate of the China-wide entity to all entries of subject merchandise exported by these companies.¹⁴

¹⁴ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 85 FR 19730, 19731 (April 8, 2020) ("All firms listed below that wish to qualify for separate rate status in the administrative reviews involving NME countries must complete, as appropriate, either a separate rate application or certification, as described below.").

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For subject merchandise exported by the companies listed above that have separate rates, the cash deposit rate will be the rate established in these final results of review for each exporter as listed above; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that received a separate rate in a prior segment of this proceeding, except for the companies which lost their separate rate eligibility in this review, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, or lost their separate rate eligibility in this review, the cash deposit rate will be that for the China-wide entity;¹⁵ and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information

disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(h) and 777(i)(1) of the Act, and 19 CFR 351.224(e).
