Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration.

Title: Vessel Monitoring System for Atlantic Highly Migratory Species.

Form Number(s): None.

OMB Approval Number: 0648-0372.

Type of Request: Regular submission.

Burden Hours: 2,181.

Number of Respondents: 320.

Average Hours Per Response: 4 hours for installation of equipment; 2 hours for annual maintenance of the equipment (beginning in the second year); 0.3 seconds per automated position report from the automated equipment; and 5 minutes to complete and return a one-time installation checklist.

Needs and Uses: Vessels fishing for Atlantic tuna and swordfish that use pelagic longline gear are required to install and operate vessel monitoring systems. Automatic position reports are submitted on an hourly basis whenever the vessel is at sea. The National Marine Fisheries Service (NMFS) proposes to revise the current requirements to add an installation checklist that vessel operators would follow and then submit to NMFS. The checklist provides information on the hardware and communications service selected by each vessel. NMFS will use the returned checklists to ensure that position reports are received and to aid NMFS in troubleshooting problems.

Affected Public: Business or other for-profit organizations.

Frequency: One-time, on occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: March 12, 2003.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

SUPPLEMENTARY INFORMATION:

I. Abstract

The respondents will be applicants for and holders of scientific research and enhancement permits, commercial and educational photography permits, public display permits for captures and first-time imports, and Letter of Confirmation holders under the General

Authorization for Level B scientific research projects. The Marine Mammal Protection Act (MMPA), the Fur Seal Act (FSA) and the Endangered Species Act (ESA) prohibit the taking, import, and export of marine mammals with certain exceptions. Applicants desiring a permit or authorization to take, import, or export must provide certain information to be used as a basis for determining whether the proposed activity is consistent with the purposes, policies, and requirements of the MMPA, ESA, and/or FSA and if a permit or authorization should be issued. Permit holders and authorized researchers under the General Authorization are required to report periodically on activities conducted and species taken to ensure compliance with permit conditions and protection of the animals. This also updates information as necessary on any marine mammals held captive for purposes of maintaining the marine mammal inventory as required under the 1994 Amendments to the MMPA.

There is no overlap or duplication for marine mammal permit actions under the ESA as the marine mammal regulations (50 CFR 216.32 - 216.44) address requirements of both laws, and a single application and permit covers all requirements of both.
