BILLING CODE 6335–01–P

ACTION: Notice and opportunity for public comment.

SUMMARY: The Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms’ workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

International Trade Administration

Extension of Solicitation of Nominations for Membership in the Renewable Energy and Energy Efficiency Advisory Committee

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Extension of solicitation of nominations for membership in the

Renewable Energy and Energy Efficiency Advisory Committee.

SUMMARY: As announced in the June 15, 2022 **Federal Register**, the Department of Commerce renewed the Renewable Energy and Energy Efficiency Advisory Committee (the Committee) for the 2022–2024 term and requested nominations for membership. This notice extends the solicitation period for membership on the Committee in order to widen the pool of qualified candidates and to ensure that diverse points of view are represented. All nominations previously received pursuant to the June 15, 2022 **Federal Register** will be duly considered during the extended solicitation period and should not be resubmitted. The Committee shall advise the Secretary of Commerce regarding the development

and administration of programs and policies to expand the competitiveness of U.S. exports of renewable energy and energy efficiency goods and services. The Committee's work on renewable energy will focus on technologies, equipment, and services to generate electricity, produce heat, and power vehicles from renewable sources such as solar, wind, biomass, hydropower, geothermal, and hydrogen. The Committee's work on energy efficiency will focus on technologies, services, and platforms that provide system-level energy efficiency to electricity generation, transmission, and distribution. These include smart grid technologies and services, as well as equipment and systems that increase the resiliency of power infrastructure such as energy storage. Climate solutions in the energy sector, such as low-carbon hydrogen production, clean energy transportation, and virtual power plants are also within the scope of the Committee. For the purposes of this Committee, covered goods and services will not include vehicles, feedstock for biofuels, or energy efficiency as it relates to consumer goods or buildings. Non-fossil fuels that reduce carbon consumption (e.g., liquid biofuels and pellets) are included.

DATES: All nominations for immediate consideration for appointment must be received by 5:00 p.m. Eastern Daylight Time (EDT) on August 25, 2022. After that date, ITA may continue to accept nominations under this notice to fill any vacancies that may arise.

ADDRESSES: Nominations may be emailed to Cora.Dickson@trade.gov.

FOR FURTHER INFORMATION CONTACT: Cora Dickson, Office of Energy & Environmental Industries; phone 202-482-6083; email Cora.Dickson@trade.gov. The REEEAC Charter and other committee materials are posted online at <http://trade.gov/reeeac>.

SUPPLEMENTARY INFORMATION: The Committee shall consist of approximately 35 members appointed by the Secretary in accordance with applicable Department of Commerce guidance and based on their ability to carry out the objectives of the Committee. Members shall represent U.S. companies, U.S. trade associations, U.S. private sector organizations, and civil society groups with activities focused on the export competitiveness of U.S. renewable energy and energy efficiency goods and services. The Committee shall also represent the range of company or organizational roles in the development of renewable energy and energy efficiency projects, including, for example, project

developers, technology integrators, financial institutions, and manufacturers. Members of the Committee are selected, in accordance with applicable Department of Commerce guidelines, based on their ability to carry out the objectives of the Committee as set forth in the Charter and in a manner that ensures that the Committee is balanced in terms of points of view, industry subsector, geography, and company size. The diverse membership of the Committee assures perspectives reflecting the full breadth of the Committee's responsibilities, and, where possible, the Department of Commerce will also consider the ethnic, racial, and gender diversity and various abilities of the United States population.

Members serve at the pleasure of the Secretary from the date of appointment to the Committee to the date on which the Committee's charter terminates. Members serve in a representative capacity presenting the views and interests of a U.S. entity or U.S. organization, as well as their particular subsector; they are, therefore, not Special Government Employees.

Members of the Committee must not be registered as foreign agents under the Foreign Agents Registration Act. No member may represent a company that is majority owned or controlled by a foreign government entity (or foreign government entities). Members of the Committee will not be compensated for their services or reimbursed for their travel expenses.

If you are interested in applying or nominating someone else to become a member of the Committee, please provide the following information:

(1) Sponsor letter on the company's, trade association's or organization's letterhead containing the name, title, and relevant contact information (including phone and email address) of the individual who is applying or being nominated;

(2) An affirmative statement that the nominee will be able to meet the expected time commitments of Committee work. Committee work includes

- attending in-person committee meetings roughly four times per year (lasting one day each),
- undertaking additional work outside of full committee meetings including subcommittee conference calls or meetings as needed, and
- frequently drafting, preparing, or commenting on proposed recommendations to be evaluated at Committee meetings;

(3) Short biography of nominee, including credentials;

(4) Brief description of the company, trade association, or organization to be represented and its business activities; company size (number of employees and annual sales); and export markets served;

(5) An affirmative statement that the nominee meets all Committee eligibility requirements.

Please do not send company, trade association, or organization brochures or any other information.

See the **ADDRESSES** and **DATES** captions above for how and the deadline for submitting nominations.

Nominees selected for appointment to the Committee will be notified by email.

Man K. Cho,

Deputy Director, Office of Energy and Environmental Industries.
