SUPPLEMENTARY INFORMATION:

Title: Accreditation of Laboratories, Transactions, and Exemptions.

OMB Number: 0583–0082.

Expiration Date of Approval: November 30, 2023.

Type of Request: Revision of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*) and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled and packaged.

FSIS is requesting a revision of the approved information collection for the accreditation of laboratories; transactions with official meat and poultry establishments, egg products processing plants, and other firms; and exemptions from requirements of the FMIA and the PPIA. FSIS has reduced the burden estimate for this collection by 13 hours based on updated information for the accreditation of

laboratories. The approval for this information collection will expire on November 30, 2023.

FSIS requires accredited non-Federal analytical laboratories to maintain certain records (9 CFR 439.20 & 590.580). The Agency uses this collected information to ensure that non-Federal laboratories act in accordance with FSIS regulations.

The FMIA (21 U.S.C. 642), the PPIA (21 U.S.C. 460(b)), and the EPIA (21 U.S.C. 1040) require establishments, brokers, wholesalers, or otherwise, to keep records that fully and correctly disclose all transactions involved in their businesses related to relevant animal carcasses and parts and egg products.

In addition, FSIS requires establishments to keep records to ensure that meat and poultry products exempted from Agency inspection are not commingled with inspected meat and poultry products (9 CFR 303.1(b)(3) and 381.175).

Finally, FSIS requires retail operations determined to have violated the requirements associated with the retail exemptions in the FMIA and PPIA to keep sales purchase and sales records to ensure future compliance (9 CFR 303.1(d)(3) and 381.10(d)(3)).

FSIS has made the following estimates based upon an information collection assessment:

Respondents: Accredited laboratories, official meat and poultry establishments, egg products processing plants and other firms.

Estimated No. of Respondents: 26,120.

Estimated No. of Annual Responses per Respondent: 122.

Estimated Total Annual Burden on Respondents: 113,458 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250–3700; (202) 937–4272.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether

the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.
