

Request for Identification of Potential Alternatives, Information, and Analyses Relevant to the Proposed Action

The BLM requests assistance with identifying potential alternatives to the Proposed Action for consideration. As alternatives should resolve a problem with the Proposed Action, please indicate the purpose of the suggested alternative. The BLM also requests that potential impacts that should be analyzed be identified. Impacts should be a result of the action; therefore, please identify the activity and the potential impact that should be analyzed. Information that reviewers have that would assist in the development of alternatives or analysis of resources issues is also helpful.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the EIS. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered, however.
