

determine reasonable costs incurred for furnishing dialysis services to Medicare beneficiaries and to effect the year-end cost settlement for Medicare bad debts. *Form Number:* CMS–265–11 (OMB control number: 0938–0236); *Frequency:* Annually; *Affected Public:* Private Sector, Business or other for-profits, State, Local, or Tribal Governments); *Number of Respondents:* 7,329; *Total Annual Responses:* 7,329; *Total Annual Hours:* 483,714. (For questions regarding this collection contact Keplinger, Jill C. at 410–786–4550.)

3. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* 13th SOW QIN–QIO and AI/AN Advancing Healthcare Quality through Technology (AHQT) Readiness Assessment; *Use:* This is a new information collection request. The Quality Improvement Network—Quality Improvement Organization (QIN–QIO) program and American Indian/Alaska Native (AI/AN) program assists providers/practices with high-quality, hands-on quality improvement assistance toward meeting their needs, and the healthcare quality and safety goals for beneficiaries. The purpose of this new information collection within these programs is to assess the readiness of participating nursing homes, hospitals, outpatient clinical practices, and AIAN facilities to access, share, and use data electronically for quality improvement and quality reporting. Use of health information technology (HIT) is imperative to assess, monitor, and improve healthcare quality, patient safety, and care coordination.

Many providers/practices continue to lack basic knowledge and capacity to implement HIT to support data exchange between providers/practices, payers, and patients, and to use data for improving quality and outcomes. This “digital divide” creates burden for patients, families, caregivers, providers/practices and increases costs and administrative waste. This burden is disproportionate for underserved populations. Advancing the use of technology and using interoperable standards can reduce the overall cost and burden associated with data collection and supports communication across the care continuum and is an agency priority.

CMS has developed a 41-item Assessment of Health care Quality Technical Readiness (AHQT) for use with participating providers/practices under the QIN–QIO 13th SOW. Provider/practice burden associated with the collection and reporting of quality measurement data has historically been a pain point for the

QIN–QIO and AI/AN programs, especially in outpatient clinical practices and critical access hospitals; this burden has been a barrier to both achievement of quality improvement contract goals and proper evaluation of their impact. The results of the assessment will be used to determine which providers/practices may benefit from participation in a technical assistance pilot specific during the QIN–QIO 13th SOW intended to advance provider/practice capacity for engaging in quality improvement and reporting activities facilitated by HIT. *Form Number:* CMS–10916 (OMB control number: 0938–NEW); *Frequency:* Occasionally; *Affected Public:* Private Sector (Business or other for-profit and Not-for-profit institutions); *Number of Respondents:* 53,000; *Total Annual Responses:* 10,600; *Total Annual Hours:* 10,600. (For policy questions regarding this collection contact Geoffrey Berryman at 410–299–7390).

William N. Parham, III,

Director, Division of Information Collections and Regulatory Impacts, Office of Strategic Operations and Regulatory Affairs.

Center for Scientific Review; Notice of Closed Meetings

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Center for Scientific Review Special Emphasis Panel; Neuromodulation and Imaging of Neuronal Circuits.

Date: June 30–July 1, 2025.

Time: 9:00 a.m. to 7:00 p.m.

Agenda: To review and evaluate grant applications.

Address: National Institutes of Health, Rockledge II, 6701 Rockledge Drive, Bethesda, MD 20892.

Meeting Format: Virtual Meeting.

Contact Person: Pablo Miguel Blazquez Gamez, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (301) 435–1042, pablo.blazquezgamez@nih.gov.

Name of Committee: Biological Chemistry and Macromolecular Biophysics Integrated Review Group; Chemical Synthesis and Biosynthesis Study Section.

Date: June 30–July 1, 2025.

Time: 9:30 a.m. to 6:30 p.m.

Agenda: To review and evaluate grant applications.

Address: National Institutes of Health, Rockledge II, 6701 Rockledge Drive, Bethesda, MD 20892.

Meeting Format: Virtual Meeting.

Contact Person: Shan Wang, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (301) 496–4390, shan.wang@nih.gov.
