NUCLEAR REGULATORY COMMISSION

[Docket No.: 70-1257; License No. SNM-1227; EA-06-231]

In the Matter of Areva Np, Inc. Richland, WA and All Others Who Seek or Obtain Access to Safeguards Information; Described Herein: Order Imposing Fingerprinting and Criminal History Check Requirements for Access to Safeguards Information (Effective Immediately)

I

AREVA NP, Inc., Richland, (AREVA NP—Richland) is the holder of Special Nuclear Material License No. SNM-1227 issued by the U.S. Nuclear Regulatory (NRC) pursuant to 10 CFR Part 70. AREVA NP—Richland is authorized, by its license, to receive, possess, and transfer byproduct, source material, and special nuclear material in accordance with the Atomic Energy Act (AEA) of 1954, as amended, and 10 CFR Part 70.

On August 8, 2005, the Energy Policy Act of 2005 (EPAct) was enacted. Section 652 of the EPAct amended Section 149 of the AEA to require fingerprinting and a Federal Bureau of Investigation (FBI) identification and criminal history records check of any person who is to be permitted to have access to Safeguards Information (SGI).¹ The NRC's implementation of this requirement cannot await the completion of the SGI rulemaking, which is underway, because the EPAct fingerprinting and criminal history check requirements for access to SGI were immediately effective on enactment of the EPAct. Although the EPAct permits the Commission, by rule, to except certain categories of individuals from the fingerprinting requirement, which the Commission has done [see 10 CFR 73.59, 71 **Federal Register** 33989 (June 13, 2006)], it is unlikely that licensee employees are excepted from the fingerprinting requirement by the "fingerprinting relief" rule. Individuals relieved from fingerprinting and criminal history checks under the relief rule include: Federal, State, and local officials and law enforcement personnel; Agreement State Inspectors who conduct security inspections on behalf of the NRC; members of Congress and certain employees of members of Congress or Congressional Committees, and representatives of the International

¹ Safeguards Information is a form of sensitive, unclassified, security-related information that the Commission has the authority to designate and protect under Section 147 of the AEA.
