SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)).

This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. Consistent with the authority of Section 21 of the OSH Act, the Agency created two educational programs, the OSHA Training Institute (OTI) Education Centers Program and the OSHA Outreach Training Program (Outreach).

To be a participant in the OTI Education Centers Programs or the Outreach Training Program, an individual/organization must provide the Agency with certain information. The requested information is necessary to evaluate the applicant organization and to implement, oversee, and monitor the OTI Education Centers and Outreach Training Programs, courses and trainers. The 13 collection of information requirements are listed below.

- A. Application to become an OSHA Training Institute Education Center (OTI Education Center);
- B. OTI Education Centers Monthly Summary Report for the OTI Education Centers and the Outreach Training Program Activities;
- C. Statement of Compliance with Outreach Training Program Requirements;
- D. Outreach Training Program Report Forms (includes Construction, General Industry, Maritime, and Disaster Site);
- E. Online Outreach Training Program Report;
- F. Active Trainer List;
- G. Collection of Outreach Trainer Misconduct/Complaints;
- H. OSHA Training Institute Student Survey;
- I. Attendance Documentation for OTI Education Centers;
- J. Outreach Online Training Certification Statement;
- K. Instructor and Staff Resumes;
- L. Course Material upon Request by OSHA from OTI Education Centers; and
- M. Course Schedules from OTI Education Centers.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting OMB to approve the information collection requirements contained in the OSHA Training Institute Education Centers Program and the OSHA Outreach Training Program. The burden hours for these programs is estimated to be 11,135.

The Agency will summarize comments submitted in response to this notice and will include this summary in the request to OMB.
