

The request should include a daytime phone number and email. Provide as much information as possible about the subject matter of the records you are requesting. This will help facilitate the search process.

If you are making a request for records about yourself, you may receive greater access by providing either a notarized statement or a statement signed under penalty of perjury stating that you are the person who you say you are.

Provide your full name, date, and either: (1) Have your signature witnessed by a notary; or (2) include the following statement immediately above the signature on your request letter: "I declare under penalty of perjury that the foregoing is true and correct. Executed on [date]." Requests that do not contain the required declaration will be processed under FOIA, and, if records are found, you may not receive as much information, including information about you. If additional information is required to fulfill a Privacy Act request, you will be notified.

If you want records about yourself to be released to a third party (such as a law firm or other organization requesting records on your behalf), the third party may receive greater access if they have permission from you.

You will need a signed and dated statement that the Forest Service may release records pertaining to you. Include your name; date of birth; name of the person or organization to whom you want your records disclosed (where applicable); their contact information; list of records that may be released (all, emails, medical records, etc.). The person about whom the records will be released should include a statement indicating that they understand that knowingly or willingly seeking or obtaining access to records about another person under false pretenses and or without their consent is punishable by a fine of up to \$5,000.

Requests must be for access to existing records. The Forest Service FOIA Office will not create records for the purpose of responding to a FOIA or Privacy Act request.

FOIA excludes Federal agencies from its definition of persons permitted to make FOIA requests [see 5 U.S.C. 552(a)(3)(A) and 5 U.S.C. 551(2)]. To avoid confusion as to whether Federal employees are requesting information in their personal or official capacities, requests from Federal employees should be submitted using personal resources.

CONTESTING RECORDS PROCEDURES:

Any individual may contest information contained within a record in the system that pertains to him/her

by submitting a written request to the system manager at the address above. Include the reason for contesting the record and the proposed amendment to the information with supporting documentation to show how the record is inaccurate.

NOTIFICATION PROCEDURES:

Information to individuals is provided via:

- NRM Privacy Impact Analysis on the Department Privacy Impact Analysis website, <https://www.usda.gov/home/privacy-policy/privacy-impact-assessments>.
- The **Federal Register** for System of Records Notices and legal authorities.
- Forest Service-specific System of Records Notices are also published on the Forest Service website, <https://www.fs.fed.us/im/foia/pasystems.htm>.
- Forms associated with Privacy Act systems are approved through the Office of Management and Budget under the Paperwork Reduction Act (also cited in the **Federal Register**); the forms cite the Privacy Act.

Any individual may request general information regarding this system of records or information as to whether the system contains records pertaining to him/her. All inquiries pertaining to this system should be in writing, must name the system of records as set forth in the system notice, and must contain the individual's name, telephone number, address, and email address (see specific instructions above).

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

HISTORY:

The Forest Service proposes to modify a system of records entitled "USDA/ Forest Service-16 Mineral Lessees and Permittees System of Records" that will be used to maintain records of activities conducted by the Agency pursuant to its mission and responsibilities.

Dated: June 29, 2021.

Foreign-Trade Zones Board

[B-50-2021]

Foreign-Trade Zone (FTZ) 265— Conroe, Texas; Notification of Proposed Production Activity; LUC Urethanes, Inc. (Wheels, Rollers and Friction Pads for Industrial Machinery and Material Conveyance), Conroe, Texas

The City of Conroe, Texas, grantee of FTZ 265, submitted a notification of proposed production activity to the FTZ Board on behalf of LUC Urethanes, Inc. (LUC), located in Conroe, Texas. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on June 17, 2021.

The LUC facility is located within FTZ 265. The facility is used for the production of wheels, rollers and friction pads for industrial machinery and material conveyance. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt LUC from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, LUC would be able to choose the duty rates during customs entry procedures that apply to wheels, rollers and friction pads for industrial machinery and material conveyance (duty rate ranges from duty-free—3.1%). LUC would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Various chain extenders [1, 4 Butanediol; 2-Methylpropyl 3,5-diamino-4-chlorobenzoate; Trisopropanolamine; 1, 3-Bis(2-hydroxyethoxy) benzene; 4,4 methylene bis (2-chloroaniline); Hydroquinone bis (2-hydroxyethyl) ether; Trimethylol propane]; various prepolymers [Toluene diisocyanate; Poly(oxy-1, 4-butanediyl), alpha-hydro-omega-hydroxy-, polymer with 2, 4-diisocyanato-1-methylbenzene; Tolylene-2, 4-disocyanate; Hexanedioic acid, polymer with 2, 4-diisocyanato-1-methylbenzene and 1, 2-ethanediol, isocyanate-terminated]; various polyols

[2-oxyepanone, -polymer with 2, 2-dimethyl-1, 3-propanediol; Poly(caprolactone)diol, Average M.N 2000; Polybutadiene having terminal hydroxylene group; Diethyl ester carbonic acid polymer with 1, 6-hexandial; Poly(Ethylene Adipate); Hexanedioic acid polymer with 1,4-butanediol and 1,2 ethane]; Oxydipropyl dibenzoate; DBE diabasic ester; Short/chopped nonwoven strengthening aramid fibers; Release Agent-Low toxicity processing solvent; Lubricants/Vacuum Grease; coloring pigments with less than 80% titanium dioxide; mixture of coloring pigments with a carbon black base; mixture of coloring pigments with no dominant ingredient; steel or aluminum shafts for rollers; and, steel or aluminum roller bodies (duty rate ranges from duty-free to 6.5%).

The request indicates that certain materials/components are subject to duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is August 16, 2021.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: June 30, 2021.

Foreign-Trade Zones Board

[B-49-2021]

Foreign-Trade Zone 83—Huntsville, Alabama; Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Huntsville-Madison County Airport Authority, grantee of FTZ 83, requesting authority to reorganize the zone under the alternative site framework (ASF)

adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on June 29, 2021.

FTZ 83 was approved by the FTZ Board on February 24, 1983 (Board Order 209, 48 FR 9052, March 3, 1983) and expanded on October 30, 1989 (Board Order 447, 54 FR 46430, November 3, 1989) and July 1, 1992 (Board Order 585, 57 FR 30717, July 10, 1992).

The current zone includes the following sites: *Site 1* (1,550 acres)—Huntsville International Airport and Industrial Complex, Glenn Hearn Boulevard, Huntsville; and, *Site 2* (1,014 acres)—Mallard Creek Industrial Park, Highway 72 and Red Hat Road, Decatur.

The grantee's proposed service area under the ASF would be Cherokee, Colbert, Cullman, DeKalb, Franklin, Jackson, Lauderdale, Lawrence, Limestone, Madison, Marshall, Marion, Morgan and Winston Counties, Alabama, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the Huntsville U.S. Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone to include both existing sites as "magnet" sites. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 83's previously authorized subzones.

In accordance with the FTZ Board's regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive

Secretary and sent to: ftz@trade.gov. The closing period for their receipt is September 7, 2021. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to September 20, 2021.

A copy of the application will be available for public inspection in the "Reading Room" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz. For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov.

Foreign-Trade Zone (FTZ) 59—Lincoln, Nebraska, Authorization of Production Activity, Zoetis Services, LLC (Pharmaceutical Products), Lincoln, Nebraska

On March 2, 2021, Zoetis Services, LLC submitted a notification of proposed production activity to the FTZ Board for its facility within Subzone 59E, in Lincoln, Nebraska.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (86 FR 14406, March 16, 2021). June 30, 2021, the applicant was notified of the FTZ Board's decision that no further review of the activity is warranted at this time. The production activity described in the notification was authorized, subject to the FTZ Act and the FTZ Board's regulations, including Section 400.14.
