

DEPARTMENT OF THE INTERIOR**Office of the Secretary****25 CFR Ch. I****30 CFR Chs. II and VII****36 CFR Ch. I****43 CFR Subtitle A, Chs. I and II****48 CFR Ch. 14****50 CFR Chs. I and IV****[167D0102DM; DS6CS00000;
DLSN00000.00000; DX6CS25]****Semiannual Regulatory Agenda****AGENCY:** Office of the Secretary, Interior.**ACTION:** Semiannual Regulatory Agenda.

SUMMARY: This notice provides the semiannual agenda of Department of the Interior (Department) rules scheduled for review or development between Fall 2022 and Fall 2023. The Regulatory Flexibility Act and Executive Order 12866 require publication of the agenda.

ADDRESSES: Unless otherwise indicated, all agency contacts are located at the Department of the Interior, 1849 C Street NW, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Please direct all comments and inquiries about these rules to the appropriate agency contact. Please direct general comments relating to the agenda to the Office of Executive Secretariat and Regulatory Affairs, Department of the Interior, at the address above or at (202) 208-3181.

SUPPLEMENTARY INFORMATION: With this publication, the Department satisfies the requirement of Executive Order 12866 that the Department publish an agenda of rules that we have issued or expect to issue and of currently effective rules that we have scheduled for review.

Simultaneously, the Department meets the requirement of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) to publish an agenda in April and October of each year identifying rules that will have significant economic effects on a substantial number of small entities. We have specifically identified in the agenda rules that will have such effects.

This edition of the Unified Agenda of Federal Regulatory and Deregulatory

Actions includes The Regulatory Plan, which appears in both the online Unified Agenda and in part II of the **Federal Register** that includes the Unified Agenda. The Department's Statement of Regulatory Priorities is included in the Plan.

In some cases, the Department has withdrawn rules that were placed on previous agendas for which there has been no publication activity or for which a proposed or interim rule was published. There is no legal significance to the omission of an item from this agenda. Withdrawal of a rule does not necessarily mean that the Department will not proceed with the rulemaking. Withdrawal allows the Department to assess the action further and determine whether rulemaking is appropriate. Following such an assessment, the Department may determine that certain rules listed as withdrawn under this agenda are appropriate for promulgation.

Bivan R. Patnaik,

Deputy Director of Policy and Regulatory Affairs, Executive Secretariat and Regulatory Affairs.

BUREAU OF SAFETY AND ENVIRONMENTAL ENFORCEMENT—PROPOSED RULE STAGE

Sequence No.	Title	Regulation Identifier No.

DEPARTMENT OF THE INTERIOR (DOI)

Bureau of Safety and Environmental Enforcement (BSEE)

Proposed Rule Stage

348. • Outer Continental Shelf Civil Penalties, Surety Bond Requirements When Filing an Appeal [1014–AA57]

Legal Authority: Outer Continental Shelf Lands Act (OCSLA), 43 U.S.C. 1331 to 1356a

Abstract: This rulemaking would clarify BSEE's existing regulatory authority under 30 CFR 250.1409, which establishes criteria that must be met before a party may proceed with an appeal of a civil penalty pursuant to 30 CFR part 290. Before filing an appeal to the Interior Board of Land Appeals (IBLA), an operator must either submit a surety bond to BSEE's sister agency, BOEM, in the amount of the penalty, or notify BOEM that they want their lease

bond to be used as the bond for the penalty amount.

Bureau of Safety and Environmental Enforcement (BSEE)

Final Rule Stage

349. Oil and Gas and Sulfur Operations in the Outer Continental Shelf-Blowout Preventer Systems and Well Control Revisions [1014–AA52]

Legal Authority: Not Yet Determined

Abstract: This rulemaking would revise the Bureau of Safety and Environmental Enforcement (BSEE) regulations published in the 2019 final rule entitled “Oil and Gas and Sulfur Operations in the Outer Continental Shelf-Blowout Preventer Systems and Well Control Revisions,” 84 FR 21908 (May 15, 2019), for drilling, workover, completion and decommissioning operations. In accordance with Executive Order (E.O.) 13990 (Protecting Public Health and the Environment and Restoring Science to Tackle the Climate

Crisis) and the E.O.'s accompanying "President's Fact Sheet: List of Agency Actions for Review," BSEE reviewed the 2019 final rule and plans to propose updates to Subpart G of 30 CFR part 250 to ensure operations are conducted safely and in an environmentally responsible manner.

Long-Term Actions

350. Revisions to Decommissioning Requirements on the OCS [1014-AA53]

Legal Authority: Outer Continental Shelf Lands Act, 43 U.S.C. 1331 to 1356a

Abstract: This proposed rule would address issues relating to (1) idle iron by adding a definition of this term to clarify that it applies to idle wells and structures on active leases; (2) abandonment in place of subsea infrastructure by adding regulations addressing when BSEE may approve decommissioning-in-place instead of removal of certain subsea equipment; and (3) other operational considerations.

Final Rule Stage

351. Risk Management, Financial Assurance and Loss Prevention—Decommissioning Activities and Obligations [1082-AA02]

Legal Authority: 43 U.S.C. 1334(a)

Abstract: On October 12, 2020, the Bureau of Ocean Energy Management (BOEM) and Bureau of Safety and Environmental Enforcement (BSEE) published the joint proposed rule in the **Federal Register** (85 FR 65904). BSEE will continue to pursue this rulemaking as a BSEE-only final rule to revise policies and procedures concerning compliance with decommissioning obligations for Outer Continental Shelf (OCS) oil and gas. The final rule will clarify and streamline specific regulatory requirements associated with the operational and procedural aspects of applicable decommissioning responsibilities of OCS lessees and grant holders. BOEM will continue to evaluate and develop a comprehensive set of regulations to manage the risks and financial obligations associated with industry activities on the OCS and pursue these actions in a separate rulemaking under RIN 1010-AE14.

353. Migratory Bird Hunting; 2023-24 Migratory Game Bird Hunting Regulations [1018-BF64]

Legal Authority: 16 U.S.C. 703 et seq.; 16 U.S.C. 742a-j

Abstract: This proposed rule would establish annual hunting regulations for certain migratory game birds. FWS annually prescribes the frameworks, or outside limits, for season lengths, bag limits, and areas for migratory game bird hunting. After these frameworks are established, States and Tribes may select season dates, bag limits, and other regulatory options for their hunting seasons.

Legal Authority: 16 U.S.C. 703 to 712; 16 U.S.C. 742a–j

Abstract: This rulemaking action established annual hunting regulations for certain migratory game birds for the 2022–23 hunting season. FWS annually prescribes outside limits (frameworks) within which States and Tribes may

select hunting seasons. This rulemaking action was conducted under the direction of the Service Migratory Bird Regulations Committee and the Flyway Councils.

National Park Service (NPS)

Final Rule Stage

356. Commercial Visitor Services; Concession Contracts [1024–AE57]

Legal Authority: 54 U.S.C. 101926
Abstract: This final rule will revise regulations that govern the solicitation, award, and administration of concessions contracts to provide commercial visitor services at NPS units under the authority granted through the Concessions Management Improvement Act of 1998. The changes will reduce administrative burdens and expand

sustainable, high quality, and contemporary concessioner-provided visitor services in national parks.

Bureau of Land Management (BLM)

Proposed Rule Stage

358. • Sustained Yield and Land Health (Section 610 Review) [1004–AE92]

Legal Authority: 43 U.S.C. 1732(a)
Abstract: The Department of the Interior (DOI), Bureau of Land Management (BLM) is drafting a rule to clarify and support the principles of multiple use and sustained yield in the management of the public lands. This rule would incorporate climate resiliency and restoration through conservation and preservation in the management of the public lands pursuant to the Federal Land Policy and

Management Act (FLPMA) and other relevant authorities. This proposed rule rests within 43 CFR 6000, which includes Conservation and Preservation, and would provide an overarching framework governing multiple resource areas to ensure land health and sustained yield. This rule would affirm the important role of restoration and conservation actions in building and maintaining sustainable land management practices to ensure healthy and productive ecosystems for current and future generations.

Final Rule Stage

359. • Helium Contracts (Section 610 Review) [1004–AE93]

Legal Authority: 50 U.S.C. sec. 167d (d)(1)

Abstract: On October 2, 2013, Congress enacted the Helium Stewardship Act of 2013. This Act required the Department of the Interior (DOI), through the Director of the Bureau of Land Management (BLM), to begin offering helium for auction or sale on an annual basis. Additionally, the Helium Stewardship Act of 2013 required BLM to dispose of the Federal Helium System (including the Federal Helium Reserve) as of September 30, 2021. Any excess helium and helium

assets remaining on September 30, 2021, will be transferred to the General Services Administration (GSA), which will follow its statutory disposal process. Federal In-Kind users will continue to have access to helium until September 30, 2022, while the GSA completes its disposal process.
